This program provides students with meaningful activities outside of the school day, tailored to the unique needs of each school population.

PTA and PTO organizations are an integral part of this collaborative effort, actively participating in the structure and implementation of the after school programs.

The programs are as individual as the schools they serve, giving children the opportunity to enjoy art, athletics, science, technology, theatre, homework help, dance, and just plain fun.

These invaluable programs enhance the lives of our young people in countless ways, and will be expanded this year to include a program sponsored by the Rhode Island National Guard, to continue the great success of the Adventure Camp.
