

The official website of the Warwick City Council will allow you, the concerned resident, to contact your Council representative in a rapid manner. It will also give you the tools to become a highly informed constituent so that you may offer your opinions with confidence and ease. In short, without communication, we cannot be an effective voice for your wants, needs and concerns.

Here at City Hall, it is our sincere hope that you will take advantage of these resources and become more involved in the every-day decisions in our local government. Together, we can responsibly forge ahead and create a brighter future for our city and our children.
