Adopt a Cemetery
Request for Information

I am interested in adopting the following Cemetery and would like more information on the program.

If you have no particular Cemetery in mind, please identify the location in which you have an interest.

The Warwick Historic Cemetery Commission will be looking for a three-year commitment to work on the Cemetery. The adoptee does not take ownership of the property but simply agrees to clean and preserve the area. No changes to the cemetery may be made without prior written agreement from the Warwick Historic Cemetery Commission.
