Cemetery #161 after cleanup

The Warwick Historical Cemetery Commission is Looking for volunteers!

There are approximately 150 Historical Cemeteries in Warwick and many are in need of some maintenance. The brush and leaves have invaded the cemeteries and may eventually destroy the grave stones.

Benjamin Franklin said “Show me first the graveyards of a country and I will tell you the true character of the people.”

Are you up for the challenge? What is your true character? Are you required to perform Community Service for School? Are you looking for a rewarding activity to do with friends? Do you just like hanging out in cemeteries?
