DIRECTOR & BUILDING OFFICIAL

PROJECT CERTIFICATION

PROPERTY OWNER OF RECORD _____ DATE _____

PROJECT TITLE _____ PLAT _____ LOT _____

STREET ADDRESS _____ TOWN _____

NAME OF BUILDING _____

SCOPE OF PROJECT _____

In accordance with Section 128.0 of the Rhode Island Building Code, I _____
R.I. Registration No. _____ being a registered professional architect/engineer, hereby certify that I
have prepared or directly supervised the preparation of drawings, computations and specification concerning

ENTIRE PROJECT _____ ARCHITECTURAL _____ STRUCTURAL _____

FIRE PROTECTION _____ MECHANICAL _____ ELECTRICAL _____

CIVIL/SITE _____ OTHER (specify) _____

for the above project and that to the best of my knowledge such drawings, computations and specifications
meet all applicable provisions of the Rhode Island State Building Codes, all acceptable engineering practices
and all applicable laws for the proposed project.

I further certify that I shall perform the necessary professional services and be present on the construction
site on a regular and periodic basis to determine that the work is proceeding in accordance with the
documents approved for the building permit and shall be responsible for the following as specified in Section
128.2.2:

23-27.3-128.2.2 Responsibilities: A professional engineering or registered architect on behalf of the owner shall
be responsible for the following:

1. Review of the shop drawings, samples and other submittals of the contractor as required by the construction contract documents submitted for permit and approval for conformance to the design concept;
2. All change orders to the contract documents shall be submitted to the Building Official after approval by the professional engineer or registered architect;
3. Review and approval of the testing procedures listed in Section 23-27.3-128.4 and Chapter 35 (referenced standards). The engineer or architect shall notify the owner, building official and contractor of the results of all test and the required corrective measures which need to be taken;
4. Insure special engineering or architectural inspection of critical construction components requiring controlled materials or construction specified in the accepted engineering practice standards as listed in Chapter 35;
5. The professional engineer or registered architect or his representative shall provide the necessary professional services and be present on the construction site on a regular and periodic basis to determine that generally, the work is proceeding in accordance with the documents approved for the permit.

(over)

Pursuant to Section 128.2.3, I shall submit weekly/bi-weekly/monthly (Circle one) a progress report together with pertinent comments to the Local Building Official. Upon completion of the work, I shall submit a final report as to the satisfactory completion and readiness of the project for occupancy.
