Executive Communications

General Communications –

1. Ward 2- Councilman Chadronet – Moment of silence for former Councilman Dave Dallas he served Ward 2 from 1984 to 1990.
2. Ward 3 – Councilwoman Vella- Wilkinson - Moment of silence in honor of Mayor Cianci, Council President Travis was going to request this also.
3. Ward 7 – Councilwoman Usler – Update on Apponaug and constructions that has been going on. She has had phone calls and concerns regarding how they are leaving area at end of day. She reached out to Representative Bennett and they are running ahead of schedule which is a good thing. He will reach out to DOT to make sure that roads are left in better condition at end of work day. People should not being damaging their cars and should be able to walk the area, Apponaug should be safe.
4. Ward 4 – Councilman Solomon - Today was another record day of 66 degrees in the beautiful City of Warwick which was a record temperature for this date. It was also another record day he was invited into Ward 5, Councilman Ladouceur’s ward, for the unveiling of a beautiful monument, the new Rocky Point Sign at the end of Rocky Point Avenue and Warwick Neck Avenue. He would like to bring little history lesson to members of city council and general public, back in 2003 Council went on journey to keep Rocky Point open space, contacted Washington DC, our US Senators to make Rocky Point a National Park. At that time no one would listen to us. By making it a National Park we would have received federal dollars for the upkeep of the Park. It is now 2016 many years have passed however the Council that embarked on the project in 2003 completed a successful trip today. Although not a National Park, however, Rocky Park is open space for the future generations to enjoy. It was done with City and State participation including federal dollars to implement this. Though it was a long journey to get thru the circle we have arrived at this location with a beautiful monument in Ward 5.
