DIRECTOR OF PUBLIC WORKS

To: Patricia Peshka, Purchasing Agent

From: Eric Earls, Director of Public Works

Date: January 21, 2021

Subj: New England Aquatics

The Department of Public Works is requesting an exception to notice for New England Aquatic for repairs that are necessary to reopen McDermott Pool. This vendor has previously provided exceptional service and is qualified to make repairs that must meet codes per the Rhode Island Department of Health. In an effort to have the pool safely opened and meeting all regular and COVID health and safety guidelines, this department is requesting to engage with this vendor as soon as possible. McDermott Pool is regularly used by the senior population, swim teams, competitive swimmers and public. New England Aquatics is a sole source provider ready to perform the repairs, assuming it is approved by the City Council.

The pool facility requires extensive repairs to the pump and filtration system for proper operations. If these repairs are not made, the pool will not be able to reopen as completion is imperative to the health, safety and welfare of all those that utilize the facility. Further, the RI DOH will not allow use of the facility per their requirements until said repairs are made and approved.

Please consider this memo a request for an exception to notice under Sec. 56-6 of the Warwick Code for New England Aquatics in the amount not to exceed \$30,000. This is a one-time repair and therefore no contract period is necessary.

(66-369 - \$17,250)

(45-340 - \$12,750)
