Existing Lots: Two (2)
Proposed Lots: One (1)
Zoning District: Light Industrial (LI)
Area: 46.5 +/- acres
Ward: 3
Engineer: VHB

Project Scope

The Applicant is requesting an amendment to an existing Master Plan approval of a Major Land Development Project to merge two (2) lots into one (1) and construct a warehouse/ distribution facility with associated parking, drainage, loading, landscaping and other related appurtenances, on the subject parcel.

The project was granted Master Plan approval by the Planning Board on February 10, 2021. The Applicant subsequently determined that zoning relief was required for the project due to the proposed height of the building which exceeds the zoning limitation in the Light Industrial (LI) district. Pursuant to RIGL § 45-23-61 the applicant must first obtain an advisory recommendation from the Planning Board, as well as Conditional Planning Board approval for the first approval stage for the proposed project, which may be simultaneous, in order to seek conditional Zoning Board relief, and then return to the Planning Board for subsequent required approval(s).

The Applicant is therefore requesting an amendment the Master Plan approval to a Conditional Master Plan approval with a recommendation to the Zoning Board of Review (ZBR) for a dimensional variance for greater-than-allowed building height (Section 302, Table 2B. Dimensional Regulations).

Planning Department Findings

The Administrative Officer recommends adopting the findings as approved by the Planning Board on February 10, 2021 and outlined in the decision letter recorded on February 29, 2021 (BK 9770, Pg. 138) with exception of amending finding #2 as follows:

1. That the proposal is not compliant with the all standards and provisions of the City's Zoning Ordinance in consideration of the following:

**PLANNING DEPARTMENT • BRUCE KEISER, DIRECTOR
3275 POST ROAD • WARWICK, RI 02886 • 401-738-2009**

- a. The project requires Zoning Board of Review approval for a dimensional variance pursuant to *TABLE 2B. DIMENSIONAL REGULATIONS* for greater-than-allowed building height in order to be compliant with the City's Zoning Ordinance and meet this required finding at the Preliminary Review phase.

Planning Department Recommendation

The Planning Department recommends granting the amendment to the Master Plan approval to Conditional status with respect to the Zoning Board of Review approval for a dimensional variance and adopt the stipulations as approved by the Planning Board on February 10, 2021 and outlined in the decision letter recorded on February 29, 2021 (BK 9770, Pg. 138), except as amended herein.
