Subj: Bid2020-188 Repair Parts for Sand & Salt Spreaders

We have reviewed the four bids received on the above and recommend award to Tri Power Sales and Service, Inc., Tri County Contractors Supply, Inc., HP Fairfield, LLC, and JC Madigan, Inc. for the purchase of parts for the sanders. This department is requesting to award all vendor due to the nature of this commodity for the safety of those that travel over City roadways during inclement weather. The current bid expires on November 25, 2019. The new contract period will be November 26, 2019 to November 25, 2020. The recommended cap is \$12,000.00.

Please note that this bid is being presented nearing the current expiration, as this is the second advertisement. The previous bid that was presented to the Finance Committee was voted unfavorable for lack of vendor pricing.

RE: Request for Awarding of Bid- Police Uniforms
BID 2020-198 Police Uniforms
Funding Source: 30-260

Dear Mrs. Peshka:

The Police Department went out to bid (2020-198) for the purpose of purchasing police uniforms for officers assigned to the department. Upon the closing of the bid period, we received bids from the following two vendors:

1. RI Uniform & Supply: 1395 Atwood Avenue, Johnston, RI, 02919
2. Body Armor Outlet: 26 Elmer Rd. Salem, NH 03079

The department is requesting that the bid be awarded to RI Uniform & Supply which is the lowest qualified bidder on the majority of the products on the bid list.

The current bid expires on 12/11/19.

Funding for this request, if approved, will be from the Police Department's Operating Budget code 30-260. The total amount to be expended will not exceed \$50,000.00 for a one year period beginning 12/12/19 thru 12/11/20.

Please feel free to contact this office should you require any further information.

Sincerely,

A handwritten signature in cursive script that reads "Lori Michailides".

RE: Request for Spending Authorization; Ballistic Vests for Police Officers
C.O. 56-6; Exception to Notice Requirement; Various Vendors
Budget Code 30-260

Dear Mrs. Peshka:

The department is seeking authorization to purchase ballistic vests from various vendors for police officers under the provisions of City Ordinance 56-6, "Exception to Notice Requirement" on an as needed basis.

The exception is requested in order to meet contractual requirements provided for in Section 31 of the current CBA that allows officers to select a vest of their choice for which the department would pay the average cost of the top three (3) brands for a level 2A vest or the top three (3) brands for level 3A vest. This cost is reviewed each year and is currently set at \$778.00 per vest for level 2A and \$890.00 per vest for level 3A. Any costs over that amount are incurred by the officer.

The vests are replaced at the department's expense upon reaching the maximum life that is normally five (5) years unless the vest is traumatized or otherwise impacted by other elements. It is anticipated that up to 50 officers (including new hires) will require new vests during the next 1 year contract. It should be noted that each vest purchased is specifically made for the individual officer. The department is not in the practice of purchasing vests in order to keep an inventory or stockpile body armor.

The department is requesting the amount of \$ 50,000 to purchase vests on an as needed basis. If approved, funding for this purchase would come from the Police Operating Budget, Budget Code #30-260 "Ballistic Vests."

The current contract expires on January 30, 2020

The contract period would be valid from January 31, 2020 through January 30, 2021.

Please feel free to contact me should you require any further information.

Sincerely

Major Lori Michailides
Administrative Bureau Commander

Re: Electricity Supplier Contract (Section 56-6)

The Rhode Island League of Cities and Towns has competitively bid bulk pricing for electricity supplier services on behalf of municipalities since 1999. The League solicited bids on an up to 4-year cycle. Previously, this contract had been awarded by the League and piggybacked by Warwick to Direct Energy, under bid# 2018-173. The League has once again gone out to bid for this contract, with the eventual award to Constellation.

The City of Warwick has the option of entering into a one, two, three or four year contract term with Constellation. Current pricing, as of October 21, 2019 associated with these term options are as follows:

- December-19 through December-20: \$0.0733 / kwh
- December-19 through December-21: \$0.0720 / kwh
- December-19 through December-22: \$0.0710 / kwh
- December-19 through December-23: \$0.0721 / kwh

By comparison, the current National Grid standard offer approved by the RI PUC for the period of October 1, 2019 through March 31, 2020 is \$0.10248 / kwh. The City's expiring energy supplier contract with Direct Energy, had a contractual rate of \$0.07598 / kwh for a period of December 1, 2017 through December 1, 2019. Based on the City's historical annual usage of 14,257,708 kwh, the City is estimating a saving associated with a decreased energy supply costs of \$70,000 annually or \$210,000 over the term of this contract. Conversely, when comparing Constellation's pricing against National Grid's current rate over the next year, the City anticipates savings of \$447,000 on its energy supply costs.

The City has awarded this contract to Direct Energy under the REAP program administered by the Rhode Island League of Cities & Towns since 2012. This contract is available to all cities & towns due to RIGL 45-55-13.2 - Exclusion of multi-cities or towns energy aggregation programs.

Please note that rates on the electricity market vary daily, Constellation will provide updated fixed pricing on November 4th, which will be communicated to the City Council at that time. This price would then be "locked", should the City Council elect to award this contract on that date.

In an effort to maximize potential savings and provide budget stability, the administration is recommending that the City Council authorize the City to enter into a three-year contract award with Constellation for the City's electric supply ~~needs~~.
