The bid for *Structural Firefighting Particulate Hoods, Bid#2021-195* has been carefully reviewed by the Fire Department.

Three (3) vendors submitted bids, and after evaluating pricing, the following vendor has met all the specifications without exception. The Fire Department is recommending the bid be awarded to the following vendor as the lowest qualified bidder:

**Fire Tech and Safety of New England, Inc., Tyngsborough, MA**

Shipman's Fire Equipment also submitted pricing on a product that did not meet the Department's specifications. The bid that they submitted indicated three (3) exceptions to the technical specifications for the items listed, most importantly the effectiveness of the particulate blocking layer.

The purchase of these particulate hoods will allow the Department to fully equip our Firefighters with a protective hood that meets the current NFPA 1971 standard. Currently, half of our Department members are supplied with a traditional style hood that does not provide protection from carcinogenic particulate at the vulnerable head and neck area. Recent innovations in hood design and fabrics have added a protective layer that offers protection from persistent fire ground carcinogens and other harmful contaminants. Last fiscal year, the Department purchased particulate hoods for half of the Department.

Funding for this product will be from budget code 35-235 Firefighting Supplies.

The current bid expires on 1/27/2021 and, if approved, the new bid will have an effective date of 1/28/2021 through 1/27/2022, for an amount not to exceed \$10,000.

CITY OF WARWICK

JOSEPH J. SOLOMON, MAYOR

MEMORANDUM

TO: Patricia A. Peshka, Purchasing Agent

FROM: William R. Facente, Housing Officer *WR*

DATE: Wednesday, December 16, 2020

RE: RFQ#2021-208- Professional Landscape Architecture Services for Apponaug Recreation Complex & Clegg Field

Please accept this memorandum as request from the Office of Housing & Community Development to include RFQ#2021 (Landscape Architecture Services for Apponaug Recreation Complex & Clegg Field) on the January 6, 2021 City Council Finance Committee's Agenda for award.

The Office received four (4) responses to the advertised request for qualifications. The Office, in accordance with RI General Law 45-55-8.1 (Qualification-Based Selection of Architects and Engineers) and Public Law 92-582 (Federal Architect-Engineer Selection Law a.k.a. Brooks Law, 40 U.S.C. 541), reviewed the responses based on qualifications of the firms with regards to the proposed scope of work contained in the RFQ. The reviews were conducted independently by Lucas Murray and Dean Pimental of the Planning Department and myself.

The following three (3) firms, listed in order of ranking (highest to lowest), were deemed, by the review committee, to be the most highly qualified firms: Beta Group, Inc. (Lincoln, RI), BL Companies New England, Inc. (Warwick, RI), and Gardner + Gerrish (Providence, RI). In accordance with both the Federal & State Law, the Office requests permission to negotiate a fair and reasonable price with the highest qualified firms. Through the negotiation of price, the City will receive the best possible price for the completion of the scope of work at both of the facilities.

The Office respectfully requests the City Council award RFQ#2021 (Landscape Architecture Services for Apponaug Recreation Complex & Clegg Field) with a not to exceed authority of \$50,000.00. The work covered under this award is completely covered by Federal Community Development Block Grant funds from City Budget Code 500-41-210-019

Please be advised, there is no previous contract for the work covered under this award request. The term of the contract requested is one year from award.

The bid for *Firefighting Nozzles & Appliances, Bid#2021-217* has been carefully reviewed by the Fire Department.

One (1) vendor submitted a bid and has met all the specifications without exception. The Fire Department is recommending the bid be awarded to the following vendor:

**Shipman's Fire Equipment Co. Inc., Waterford, CT**

Equipment purchased through the bid will be used to replace and upgrade the nozzles, hose appliances and related accessories on all the fire apparatus in the Department.

The funds that will be used for these purchases are reimbursable through the 2018 Assistance to Firefighters Grant (AFG) awarded to the Fire Department in the Fall of 2019. Attached are the proper documents supporting the award of these grant funds.

The Fire Department is requesting spending authority as per the grant specifications and will be paid through account 38-813 FEMA – AFG Grant 2018. If granted, this award will be for a period of 1 year, for a total award not to exceed \$225,000.

Please contact me should you have any questions.

Dear Scott Jensen,

Congratulations on behalf of the Department of Homeland Security. Your application submitted for the Fiscal Year (FY) 2018 Assistance to Firefighters Grant (AFG) funding opportunity has been approved in the amount of \$1,123,293.63 in Federal funding. As a condition of this grant, you are required to contribute non-Federal funds equal to or greater than 10.00 percent of the Federal funds awarded, or \$ 112,329.37 for a total approved budget of \$ 1,235,623.00 . Please see the FY 2018 AFG Notice of Funding Opportunity for information on how to meet this cost share requirement.

Before you request and receive any of the Federal funds awarded to you, you must establish acceptance of the award through the FEMA Grants Outcomes (FEMA GO) system. By accepting this award, you acknowledge that the terms of the following documents are incorporated into the terms of your award:

- Summary Award Memo - included in this document
- Agreement Articles - included in this document
- Obligating Document - included in this document
- 2018 AFG Notice of Funding Opportunity (NOFO) - incorporated by reference

Please make sure you read, understand, and maintain a copy of these documents in your official file for this award.

Sincerely,

A handwritten signature in black ink, appearing to read "Bridget Bean", is written over a horizontal line.
