Re: Bid Recommendation, Bid #2019-202 – Police Vehicle Equipment and Up-fitting
Funding Source: 499-0446 Lease Purchase

Dear Ms. Peshka:

The department recently received approval to purchase (4) four 2018 Ford Explorer Police Interceptors. These vehicles are replacing 4 vehicles that were totaled in motor vehicle crashes. In order to lower the cost of acquiring the 4 SUVs the department purchased "stock" condition vehicles and are using a combination of older parts (from the totaled vehicles) and newly purchased equipment for up-fitting the vehicles to make them patrol cars.

The department went out to bid for the up-fitting of these vehicles. The up-fitting included the purchase of specific items and the installation of both the new and supplied used parts. We received bids from the following vendors:

Adamson Industries, Corp., 45 Research Drive, Haverhill, MA 01832
Patrol Data, 60 Alhambra Rd. Suite 6 Warwick, RI 02886

The department recommends the bid be awarded to Patrol Data who is the lowest overall bidder at \$3,264.00 per vehicle, for a total cost of \$13,056.00. Additionally, Patrol Data is a Warwick based company, which will allow for expedited delivery of the finished product.

If approved, funding for this expense will come from Budget Code 499-0446. Please feel free to contact me if you have any questions. This is a one-time purchase.

Sincerely,

Request for Spending Authorization-Ammunition
Bid#2019-213
Funding: WPD Operating Budget-Code #30-236

Dear Mrs. Peshka,

The Police Department went out to bid for ammunition under Bid 2019-213 and received two bids from the following vendors:

AAA Police Supply, 940 Providence Highway (Rt1) Dedham MA 02026
RTP Armor LLC. 3501 McLaughlin Dr. Lincoln, NE 68516

Based on a comparison of prices for the items submitted, and their exemplary customer service in terms of delivery and accommodations, the Police Department is recommending that this award be awarded to AAA Police Supply. AAA Police Supply was the lowest bidder on each of the items except for item # 5 (OO buck shotgun ammunition). The department utilizes a very small amount of this style ammunition and therefore dos not recommend splitting the bid.

Ammunition purchased under this bid will be for the department's annual qualification, night shoot in-service training, remedial training as necessary, SWAT Team training and for our recruits who will be attending the Rhode Island Municipal Police Academy.

If approved, financing for these purchases would be from the Police Department Operating Budget, Budget code # 30-236, Range and Target supplies, for a total not to exceed **\$35,000.00**. The current contract expires on 3/20/2018. **This contract would be for one year commencing on 3/21/2019 and running through 3/20/2020.**

RE: Purchase Authorization: TransUnion Risk and Alternative
56-6 Exception to Notice – Sole Source Vendor
Funding Source: Police Operating Budget Code: 30-399, Service Investigations

Dear Mrs. Peshka;

In December of 2018 the police department requested spending authorization for payment to TransUnion Risk and Alternative for use of their TLO Service Software in use by the agency to verify background information and lead sources in investigations. This service has been in use by the department since 2013 with no previous annual service contract in place due to the previous low costs associated with its use.

The TLO software has historically been used with "ala carte" or "per use" pricing that ranged from .30 cents to 7.50 per search depending on the nature of the records being sought in the system. This resulted in an average cost of approximately \$40.00 per month prior to FY 2018. At the beginning of this fiscal year (FY 2019) the service costs rose to an average of \$235.04 for an approximately 600 searches/queries per month. This increase was the result of use of the system by detectives in a homicide investigation, monitoring of registered sex offenders residency, and recruit background checks.

When I became aware of the increase in month charges, we began to research alternative software systems and learned that this service was a sole source service from the vendor based on specific feature(s) to include a "relationship mapping" function for known associates/family of persons being searched. Based on that, we negotiated with TransUnion and have received a quote of \$280.00 for monthly access to the most of the functions we currently utilize with a cap of 1000 searches/querries. There were two remaining "per use" functions that would be part of the contract but these are not frequently used and could be turned off by the agency administrator if needed to reduce future costs.

I am requesting the awarding of a service contract with spending authority of up to \$3,360.00 for a period of one year from February 1, 2019 through January 31, 2020 to TransUnion Risk and Alternative for use of their TLO Service Software as a sole source service.

Funding for this purchase will be from Police Operating Budget: 30-399, Service Investigations.

Please contact me with any questions or concerns.

Sincerely,

Funding Source: Budget Code: Training 30-302 / Service Contracts 30-340

Dear Mrs. Peshka,

The Police Department is seeking authorization to purchase the following:

200 21' Non Conductive Taser Simulation Cartridges (\$28.00 each).....	\$5,600.00
50 25' Hybrid Cartridges (\$33.00 each).....	\$1,650.00
5 X26P CEW units (\$1,065.00 each).....	\$5,325.00
15 DMP, Battery Packs (\$65.00 each).....	\$975.00
25 Blackhawk Holsters (\$64.00 each).....	\$1,600.00

The simulation cartridges are for the required annual training and re-certification of our current qualified officers. The Warwick Police Department currently uses 20 Electronic Control Devices (ECD) from Axon Enterprises (formerly Taser International), Model X26P and has a number of officers qualified to deploy the weapons as necessary. The re-certification training requires the deployment of two cartridges per officer. The additional cartridges will be held by the department as spares in inventory. Because they are only compatible with the X26P, these cartridges must be purchased from Axon Enterprises as a proprietary source of all equipment and supply of Taser related products.

We are also purchasing 5 new Taser units which will replace 5 older units that are no longer serviceable. These units have been placed out of service and cannot be repaired by Axon, as they are over 5 years old and Axon will no longer support units which are outside of their 5 year life cycle. The purchase of 5 tasers per fiscal year will be necessary to support our Taser program. Unlike most other agencies which issue a Taser to each officer, the Warwick Police Department currently has only 20 units which are stored in a central location within headquarters and checked out prior to the start of each shift by the officers who carry the Tasers. This, we feel, is a very cost effective way to deploy this valuable weapon system.

Page Two

We would be purchasing this equipment directly from Axon Enterprises for a total cost of **\$15,150.00**. If approved, funding for this purchase will be from the Police Operating Budget Code: 30-302 in the amount of \$7,575.00 and 30-340 in the amount of \$7,575.00. Please feel free to contact me if you have any questions. **There is no contract date associated with this purchase.**

Sincerely,

Bradford Connor
