Re: 6-12 Extend Contract – Network Connectivity – Cox Communications and FiberTech

This is a request, in accordance with the original bid document's extension for one-term language, to extend the award of Bid # 2013-008 – Network Connectivity - for three additional years through October 31, 2020 with a cost increase of no greater than \$550,000.00 for a new eight (8) year total award of \$900,000.00 between two companies to provide new network connectivity to Fire Station 10 and enhanced network connectivity to the other Fire Stations throughout the City.

The Vendors are:

- Cox Com, LLC (aka Cox Communications) of 9 James P Murphy Hwy, West Warwick, RI
- Fiber Technologies Networks, LLC (aka FiberTech) of 300 Meridian Centre, Rochester, NY

These network deployments and upgrades will provide superior communications provided by fiber optic connectivity replacing the coax connectivity that exists today and installing the network into the new Fire Station.

Potowamut's Station 10, which will also be the secondary Emergency Operations Center (EOC) for the City, will have an unmanaged Fiber optic cable installed from 225 Potowamut Road to FiberTech's Fiber presence on Post Road. FiberTech will run this cable 1.18 miles for an upfront cost of \$90,000.00 which is being funded through the State EMA, which Chief Armstrong can speak to.

The other seven Fire Stations will be upgraded from 2MB to 20MB with minimal upfront cost, but a requirement for a five year commitment. These enhancements will support the new Fire Department software that is now web-based as well as provide support for radio communications and voice enhancements in the future. While the speed of the network is increasing ten-fold, the price will increase from \$250.00 to \$530.00 per month per location. This proposed cost reflects state bid pricing which is significantly lower than the original pricing proposed by Cox Communications. The data network enhancements for the remainder of the year are funded in 25-303.

This Fiber optic deployment utilizing City-owned fiber, unmanaged fiber from FiberTech, and managed fiber from Cox Communications, will bring thirty-one of the thirty-four City buildings supported by MIS onto a fiber optic network.

Re: Bid2018-313 Precast Items for Catch Basins and Manholes

The City Council awarded the above in the amount of \$9,000 for a period of one year. This department is requesting to increase the cap for the balance of the current bid period that expires on June 17, 2019 for the purchase of components to make repairs or installations.

Please consider this memo a request for Sec. 6-12, alteration to contract, of the City Charter to increase the award to Anchor Concrete in the amount of \$8,000 for a total cap of \$17,000. Please note that a portion of the current cap of \$9,000 was expended in fiscal year 2018, leaving a cap balance of \$6,000 to begin fiscal year 2019. That amount has been nearly exhausted and therefore, the reason for this request.

RE: Bid 2019-1388 Tires

Dear Mrs. Peshka,

The Police Department has reviewed the two bids received for Bid 2019-1388 Purchase Various Tires. The bids received are from the following companies:

Sullivan Tire Co Inc., 1199 Jefferson Blvd, Warwick, R.I. 02886
Roland's Tire Service Inc., 11 Howland Rd, Fairhaven, MA 02719

We are requesting that the bid be awarded to Sullivan Tire based on their submission of the lowest bid for Goodyear brand tires with a vendor inventory pricing list to support the quote provided. Our police vehicles that we purchase are rated for pursuit driving and come equipped with Goodyear tires for performance and safety reasons. Goodyear brand replacement tires for these vehicles are recommended per the Ford Motor Company.

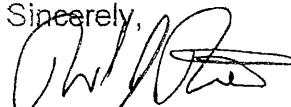

We have been doing business with Sullivan Tire, which also has a convenient location on Jefferson Blvd, as has the City, and have been very satisfied with their service and delivery.

Funding for purchases under this bid would be allocated from the department's current operating budget, budget code #30-211, Tires.

The current contract for tire purchases expires on December 31, 2018.

The department requests authorization to expend funds not to exceed **\$24,000.00** during the one year period of the contract, which will run from January 1, 2019 thru December 31, 2019.

Sincerely,

Major Rick Rathbun
Administrative Bureau Commander

Subj: Sec. 56-6 – Various Vendors for OEM Parts – Bid2019-161B

The Automotive Division is requesting an exception to notice for vendors that did not submit a bid for OEM parts, however, these vendors are crucial to the repair of vehicles as they offer proprietary parts that cannot be purchased from any other vendor. This alone makes it a disadvantage to re-bid because if parts cannot be purchased it will cripple the entire City fleet and Fire department.

Please consider this memo a request for an exception to notice under Sec. 56-6 of the Warwick Code for RI Truck Center, Terex Environmental Equipment, Northland JCB, Wood Co., Coastal International, Norfolk Power, Vermeer Northeast, Tri-County Contractors, HEWS Company, Strobes & More, New England Detroit Diesel Allison, Kahn Tractor, Peterbilt of RI, Southworth Milton, Sanitary Equipment, Kaman Industrial, NE Fire Apparatus, Cap City of RI, New England Detroit Diesel Allison, Lecal Equipment, Ed & Matt Equipment and Howard Johnson, Inc. This department is requesting the cap be included with the cap for bid number 2019-161A (OEM Parts).

Should this Sec. 56-6, Exception to Notice not be approved, it will have a detrimental effect on City services as well as response time from the Warwick Fire Department. If the Automotive Division cannot make repairs to City vehicles, such as the Sanitation fleet, it becomes a health and welfare issue if household refuse cannot be picked up in a timely manner. As well, potholes will not be filled, potentially increasing claims for damages. With the snow season approaching, plow trucks will not be able to be serviced for clearing roadways. This department will not be able to service the fire department vehicles to have those emergency responding apparatus readily available for necessary calls. Also, it should be noted that the City will be responsible for incurring freight charges from these vendors, if necessary, as they will not be held to a particular specification prohibiting those charges. This request will run concurrent with Bid2019-161A, November 18, 2018 to November 17, 2019, and share the same cap as requested for that bid.

GENERAL CONDITIONS OF PURCHASE

All State Purchase Orders, Contracts, Solicitations, Delivery Orders and Service Requests shall incorporate and be subject to the provisions of Title 37 Chapter 2 of the General Laws of the State of Rhode Island, the Regulations adopted pursuant thereto, all other applicable provisions of the Rhode Island General Laws, specific requirements described in the Request or Contract, and the following General Conditions of Purchase:

1. GENERAL - All purchase orders, contracts, solicitations, delivery orders, and service requests are for specified goods and services, in accordance with express terms and conditions of purchase, as defined herein. For the purposes of this document, the terms "bidder" and "contractor" refer to any individual, firm, corporation, or other entity presenting a proposal indicating a desire to enter into contracts with the State, or with whom a contract is executed by the State's Purchasing Agent, and the term "contractor" shall have the same meaning as "vendor".

2. ENTIRE AGREEMENT - The State's Purchase Order, or other State contract endorsed by the State Office of Purchases, shall constitute the entire and exclusive agreement between the State and any contractor receiving an award. In the event any conflict between the bidder's standard terms of sale, these conditions or more specific provisions contained in the solicitation shall govern. All communication between the State and any contractor pertaining to any award or contract shall be accomplished in writing.

• **a.** Each proposal will be received with the understanding that the acceptance, in writing, by contract or Purchase Order by the Purchasing Agent of the offer to do work or to furnish any or all the materials, equipment, supplies or services described therein shall constitute a contract between the bidder and the State. This shall bind the bidder on his part to furnish and deliver at the prices and in accordance with the conditions of said accepted proposal and detailed specifications and the State on its part to order from such contractor (except in case of emergency) and to pay for at the agreed prices, all materials, equipment, supplies or services specified and delivered. A contract shall be deemed executory only to the extent of funds available for payment of the amounts shown on Purchase Orders issued by the State to the contractors.

b. No alterations or variations of the terms of the contract shall be valid or binding upon the State unless submitted in writing and accepted by the Purchasing Agent. All orders and changes thereof must emanate from the Office of Purchases: no oral agreement or arrangement made by a contractor with an agency or employee will be considered to be binding on the Purchasing Agent, and may be disregarded.

c. Contracts will remain in force for the contract period specified or until all articles or services ordered before date of termination shall have been

satisfactorily delivered or rendered and accepted and thereafter until all terms and conditions have been met, unless

1. terminated prior to expiration date by satisfactory delivery against orders of entire quantities, or
2. extended upon written authorization of the Purchasing Agent and accepted by the contractor, to permit ordering of the unordered balances or additional quantities at the contract price and in accordance with the contract terms, or
3. canceled by the State in accordance with other provisions stated herein.

• d. It is mutually understood and agreed that the contractor shall not assign, transfer, convey, sublet or otherwise dispose of this contract or his right, title or interest therein, or his power to execute such contract, to any other person, company or corporation, without the previous consent, in writing, of the Purchasing Agent.

e. If, subsequent to the submission of an offer or issuance of a purchase order or execution of a contract, the bidder or contractor shall merge with or be acquired by another entity, the contract may be terminated, except as a corporate resolution prepared by the contractor and the new entity ratifying acceptance of the original bid or contract terms, condition, and pricing is submitted to the Office of Purchases, and expressly accepted.

f. The contractor or bidder further warrants by submission of an offer or acceptance of a purchase order or other contract that he has no knowledge at the time of such action of any outstanding and delinquent or otherwise unsettled debt owed by him to the State, and agrees that later discovery by the Purchasing Agent that this warranty was given in spite of such knowledge, except where the matter is pending in hearing or from any appeal therefrom, shall form reasonable grounds for termination of the contract.

3. SUBCONTRACTS - No subcontracts or collateral agreements shall be permitted, except with the State's express consent. Upon request, contractors must submit to the Office of Purchases a list of all subcontractors to be employed in the performance of any Purchase Order or other contract arising from this Request.

4. RELATIONSHIP OF PARTIES - The contractor or bidder warrants, by submission of an offer or acceptance of a purchase order or other contract, that he is not an employee, agent, or servant of the State, and that he is fully qualified and capable in all material regards to provide the specified goods and services. Nothing herein shall be construed as creating any contractual relationship or obligation between the State and any sub-bidder, subcontractor, supplier, or employee of the contractor or offeror.

5. COSTS OF PREPARATION - All costs associated with the preparation, development, or submission of bids or other offers will be borne by the offeror. The State will not reimburse any offeror for such costs.

6. SPECIFIED QUANTITY REQUIREMENT - Except where expressly specified to the contrary, all solicitations and contracts are predicated on a specified quantity of goods or services, or for a specified level of funding.

• a. The State reserves the right to modify the quantity, scope of service, or funding of any contract, with no penalty or charge, by written notice to the contractor, except where alternate terms have been expressly made a part of contract.

b. The State shall not accept quantities in excess of the specified quantity except where the item is normally sold by weight (where sold by weight, the State will not accept quantities greater than ten per cent [10%] of the specified quantity), or where the Request or Contract provides for awards for other than exact quantities.

c. Purchase Orders or other contracts may be increased in quantity or extended in term without subsequent solicit with the mutual consent of the contractor and the State, where determined by the Purchasing Agent to be in the State's best interest.

7. TERM AND RENEWAL - Where offers have been requested or contracts awarded for terms exceeding periods of twelve (12) months, it is mutually understood and agreed that the State's commitment is limited to a base term not to exceed twelve (12) months, subject to renewal annually at the State's sole option for successive terms as otherwise described, except where expressly specified to the contrary. Purchase orders appearing to commit to obligations of funding or terms of performance may be executed for administrative convenience, but are otherwise subject to this provision, and in such cases the State's renewal shall be deemed to be automatic, conditional on the continued availability of appropriated funds for the purpose, except as written notice of the State's intent not to renew is served.

8. DELIVERY - Delivery must be made as ordered and in accordance with the proposal. If delivery qualifications do not appear on the bidder's proposal, it will be interpreted to mean that goods are in stock and that shipment will be made within seven (7) calendar days. The decision of the Purchasing Agent, as to reasonable compliance with the delivery terms, shall be final. Burden of proof of delay in receipt of order shall rest with the contractor. No delivery charges shall be added to invoices except when authorized on the Purchase Order.

9. FOREIGN CORPORATIONS - In accordance with Title 7 Chapter 1.1 of the General Laws of Rhode Island, no foreign corporation shall have the right to transact business in this state until it shall have procured a certificate of authority so to do from the Secretary of State.

10. PRICING - All pricing offered or extended to the State is considered to be firm and fixed unless expressly provided for to the contrary. All prices shall be quoted F.O.B. Destination with freight costs included in the unit cost to be paid by the State, except, where the Request or Contract permits, offers reflecting F.O.B. Shipping Point will be considered, and freight costs may then be prepaid and added to the invoice.

11. COLLUSION - Bidder or contractor warrants that he has not, directly or indirectly, entered into any agree participated in any collusion or otherwise taken any action in restraint of full competitive bidding. In special circumstances, an executed affidavit will be required as a part of the bid.

12. PROHIBITION AGAINST CONTINGENT FEES AND GRATUITIES - Bidder or contractor warrants that he has not paid, and agrees not to pay, any bonus, commission, fee, or gratuity to any employee or official of the State for the purpose of obtaining any contract or award issued by the State. Bidder or contractor further warrants that no commission or other payment has been or will be received from or paid to any third party contingent on the award of any contract by the State, except as shall have been expressly communicated to the State Purchasing Agent in writing prior to acceptance of the contract or award in question. Subsequent discovery by the State of non-compliance with these provisions shall constitute sufficient cause for immediate termination of all outstanding contracts and suspension or debarment of the bidder(s) or contractor(s) involved.

13. AWARDS - Awards will be made with reasonable promptness and by written notice to the successful bidder (only); bids are considered to be irrevocable for a period of sixty (60) days following the bid opening unless expressly provided for to the contrary in the Request, and may not be withdrawn during this period without the express permission of the Purchasing Agent.

• a. Awards shall be made to the bidder(s) whose offer(s) constitutes the lowest responsive price offer (or lowest responsive price offer on an evaluated basis) for the item(s) in question or for the Request as a whole, at the option of the State. The State reserves the right to determine those offers which are responsive to the Request, or which otherwise serve its best interests.

b. The State reserves the right, before making award, to initiate investigations as to whether or not the materials, equipment, supplies, qualifications or facilities offered by the bidder meet the requirements set forth in the proposal and specification, and are ample and sufficient to insure the proper performance of the contract in the event of award. If upon such examination it is found that the conditions of the proposal are not complied with or that articles or equipment proposed to be furnished do not meet the requirements called for, or that the qualifications or facilities are not satisfactory, the State may reject such a bid. It is distinctly understood, however, that nothing in the foregoing shall mean or imply that it is obligatory upon the State to make any examinations before awarding a contract; and it is further understood that if such examination is made, it in no

way relieves the contractor from fulfilling all requirements and conditions of the contract.

c. Qualified or conditional offers which impose limitations of the bidder's liability or modify the requirements of the bid, offers for alternate specifications, or which are made subject to different terms and conditions than those specified by the State may, at the option of the State, be

1. Rejected as being non-responsive, or
2. set aside in favor of the State's terms and conditions (with the consent of the bidder), or
3. accepted, where the State Purchasing Agent determines that such acceptance best serves the interests of the State.

• Acceptance or rejection of alternate or counter-offers by the State shall not constitute a precedent which shall be considered to be binding on successive solicitations or procurements.

d. Bids submitted in pencil, or which do not bear an original signature, in ink, by an owner or authorized agent thereof, will not be accepted.

e. Bids must be extended in the unit of measure specified in the Request. In the event of any discrepancy between unit prices and their extensions, the unit price will govern.

f. The Purchasing Agent reserves the right to determine the responsibility of any bidder for a particular procurement.

g. The Purchasing Agent reserves the right to reject any and all bids in whole or in part, to waive technical defects, irregularities, and omissions, and to give consideration to past performance of the offerors where, in his judgment the best interests of the State will be served by so doing.

h. The Purchasing Agent reserves the right to make awards by items, group of items or on the total low bid for all the items specified as indicated in the detailed specification, unless the bidder specifically indicates otherwise in his bid.

i. Preference may be given to bids on products raised or manufactured in the State, other things being equal.

j. The impact of discounted payment terms shall not be considered in evaluating responses to any Request.

k. The Purchasing Agent reserves the right to act in the State's best interests regarding awards caused by clerical errors by the Office of Purchases.

14. SUSPENSION AND DEBARMENT - The Purchasing Agent may suspend or debar any vendor or potential bidder, for good cause shown:

• a. A debarment or suspension against a part of a corporate entity constitutes debarment or suspension of all of its divisions and all other organizational elements, except where the action has been specifically limited in scope and application, and may include all known corporate affiliates of a contractor, when such offense or act occurred in connection with the affiliate's performance of duties for or on behalf of the contractor, or with the knowledge, approval, or acquiescence of the contractor or one or more of its principals or directors (or where the contractor otherwise participated in, knew of, or had reason to know of the acts).

b. The fraudulent, criminal or other serious improper conduct of any officer, director, shareholder, partner, employee, or any other individual associated with a contractor may be imputed to the contractor when the conduct occurred in connection with the individual's performance of duties for or on behalf of the contractor, or with the contractor's knowledge, approval or acquiescence. The contractor's acceptance of benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

c. A vendor or contractor who knowingly engages as a subcontractor for a contract awarded by the State to a vendor or contractor then under a ruling of suspension or debarment by the State shall be subject to disallowance of cost, annulment or termination of award, issuance of a stop work order, or debarment or suspension, as may be judged to be appropriate by the State Purchasing Agent.

15. PUBLIC RECORDS - Contractors and bidders are advised that all documents, correspondence, and other submissions to the Office of Purchases may be accessible as public records, pursuant to Title 38, Chapter 2 of the General Laws, absent specific notice that portions of such submittals may contain confidential or proprietary information, such that public access to those items should be withheld, and except as otherwise provided for pursuant to RIGL 37-2-18 (a)-(h) "Competitive Sealed Bidding".

16. PRODUCT EVALUATION - In all specifications, the words "or equal" are understood after each article when manufacturer's name or catalog are referenced. If bidding on items other than those specified, the bidder must, in every instance, give the trade designation of the article, manufacturer's name and detailed specifications of the item the bidder proposes to furnish; otherwise, the bid will be construed as submitted on the identical commodity described in the detailed specifications. The Purchasing Agent reserves the right to determine whether or not the item submitted is the approved equal the detailed specifications.

• a. Any objections to specifications must be filed by a bidder, in writing, with the Purchasing Agent at least 96 hours before the time of bid opening to enable the Office of Purchases to properly investigate the objections.

b. All standards are minimum standards except as otherwise provided for in the Request or Contract.

c. Samples must be submitted to the Office of Purchases in accordance with the terms of the proposals and detailed specifications. Samples must be furnished free of charge and must be accompanied by descriptive memorandum invoices indicating whether or not the bidder desires their return and specifying the address to which they are to be returned (at the bidder's risk and expense), provided they have not been used or made useless by tests; and absent instructions, the samples shall be considered to be abandoned. Award samples may be held for comparison with deliveries.

d. All samples submitted are subject to test by any laboratory the State Purchasing Agent may designate.

17. PRODUCT ACCEPTANCE - All merchandise offered or otherwise provided shall be new, of prime manufacture, and of first quality unless otherwise specified by the State. The State reserves the right to reject all nonconforming goods, and to cause their return for credit or replacement, at the State's option. Contract deliverables specified for procurements of services shall be construed to be work products, and subject to the provisions of this section.

• a. Failure by the State to discover latent defect(s) or concealed damage or non-conformance shall not foreclose the State's right to subsequently reject the goods in question.

b. Formal or informal acceptance by the State of non-conforming goods shall not constitute a precedent for successive receipts or procurements.
