RE: Request for Spending Authorization
City Ordinance 56-6 Exception to Bid
Warren Police Department
Funding Source: State Asset Forfeiture, Budget Code 366-0400

Dear Mrs. Patricia A. Peshka,

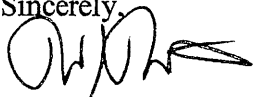

The Warwick Police Department is seeking authorization for an exception to the bid process to purchase two (2) used police cruisers from the Warren, RI police department. The department is upgrading their fleet, and is looking to sell the below units:

- 1) 2016 Ford Interceptor SUV V6 Police Package with @80,719 miles in very good condition. NADA estimate for this vehicle would be \$9,000.00 to \$13,150.00 retail. Our cost would be **\$7,500.00**.
- 2) 2015 Ford Interceptor Sedan V6 Police Package with @89,217 miles in very good condition. NADA estimate for this vehicle would be \$6,175.00 to \$10,050.00 retail. Our cost would be **\$5,000.00**.

Our fleet manager examined and test-drove these vehicles. He stated the vehicles are both in "impeccable condition", and both drove and handled well. We request this bid exception as it is in the City's interest to increase our detail vehicle pool as we currently only have 13 cars available for details while the demand is much greater than that. All emergency equipment installed in these vehicles will remain. We anticipate a nominal cost to remove all Warren Police Department decals, and to install Warwick Police Department decals. If approved, the funding for this purchase will not exceed **\$12,500.00**, and will be from State Asset Forfeiture, Budget Code 366-0400.

Please feel free to contact me if you need any further information.

Sincerely,

Major,

The Warren RI Police Department recently purchased two new vehicles from Island Tech/ Colonial Municipal group. They requested Island Tech to attempt to locate a buyer for their older vehicles, 1- 2015 Ford Taurus police interceptor sedan AWD with 89,000 miles and 1- 2016 Ford Explorer Police Interceptor AWD with 80,000 miles. Since our Dept. has a good business relationship with Island Tech, they asked me if the Dept. would be interested in these vehicles. After viewing the vehicles and speaking with Lt. Ed Borges from Warren PD, I later advised him our Dept. would be interested in them but I would need to run by my superiors for authorization.

Both vehicles are Black & White and are in impeccable condition. ***All the emergency lighting/equipment will remain with each vehicle.*** Chris Cunningham viewed the pictures and advised the computer stands are the same in ours cruisers. Both vehicles would make a great addition to the WPD fleet. The SUV could be assigned to Traffic and the sedan will be placed into Patrol. It'll be minimal costs to place these vehicles in service (Fleet Key system \$100, graphics estimated \$525, Radio \$550 (used).

Warren Police Dept. is asking \$ 5,000.00 for the 2015 Sedan and \$7,500 for the SUV totaling \$12,500 for both. The attachments will show the NADA retail price for the sedan at \$10,050. The NADA retail price for the SUV \$13,150. Also pricing on the internet through Car gurus, Car Fax and Craigslist for what used car dealers are asking.

Re: Request for Spending Authorization: Insurance Proceeds
City Ordinance 56-6: Exception to Notice Requirement
Funding Source: 76-358

Dear Mrs. Peshka,

The Police Department is seeking authorization to spend \$17,594.59 from insurance proceeds in order to have marked police car P-13 repaired from a car accident.

The police vehicle suffered significant damage and the police department received quotes from three Ford Certified repair shops for the initial observed damage as follows:

- | | |
|--|------------|
| 1) A-1 Custom Auto, 2244 Pawtucket Ave. East Providence RI | \$7,543.19 |
| 2) Tasca Collision Center, 33 Sharpe Drive, Cranston RI | \$7,785.86 |
| 3) Brock's Collision Center, 3066 Post Road, Warwick RI | \$8,000.00 |

A-1 Custom Auto provided the lowest quote. While the police vehicle was at A-1 Custom Auto, the insurance adjuster from the Trust, for the City of Warwick, responded to that repair shop and assessed the damage. The vehicle was further disassembled and additional damage was found from the accident. The repair shop agreed to at cost pricing and a new quote from A-1 custom totaled \$17,594.59. The insurance adjuster agreed that this quote would cover the cost of the damage and mailed a check to the City of Warwick for the total amount indicated.

Both the insurance adjuster and the police department's garage manager agreed this quote is the lowest the city would be able to find. If approved, this money will be taken from Insurance Proceeds, funding source 76-358. The total amount is completely covered by the insurance company with no additional cost from tax payers.

Please feel free to contact me with any additional questions.

Sincerely,

The first portion is an email to Margie requesting a claim be filed through the TRUST. The second section are Visible damage estimates from A-1 Auto Body & Brocks Collision. Tasca's estimate will be sent to me on Monday due to the Manager at tasca is out till then.

During that time, Pat went to 3-4 shops local body shops in Warwick for estimates and the only place which called me back was Brocks collision. I then contacted Tasca and A-1 Auto Body which they both later sent me an estimate.

When an accident occurs and it's our fault, a claim is filed through the Trust and a member from the Trust usually Craig Gilmartin will contact me by email or call to advise me that someone from Doan Appraisal will be calling me. This particular time I never received any follow up from the Trust. When I reached out to Craig he advised me they'll are still working from home and he wasn't the person assigned to the case.

I later spoke with Doan and advised them the car was going to A-1 Auto body for repair. Doan said they are going there the next day for the Trust on a different City's vehicle and if I can get the car there he could do a full damage appraisal. The car was later towed there and after a couple of weeks I placed the car back into service. I did receive a final bill from A-1 which was the exact same amount The Trust paid the City on 8/27/20.

Thanks
Mike

Figure about another \$1500 for the B pillar to be added into the estimate for that, so you'd be at about \$8,000 without the decals

Hey Mike,

See attached estimate. I apologize it is slipping my mind if you said right or left side; In any case the parts are still the same cost for either side. Not too bad for labor but these door shells are almost \$2k a piece. Estimate came to \$6500 only because these parts are big money.

Best,
Avery

Figure about another \$1500 for the B pillar to be added into the estimate for that, so you'd be at about \$8,000 without the decals

Hey Mike,

See attached estimate. I apologize it is slipping my mind if you said right or left side; In any case the parts are still the same cost for either side. Not too bad for labor but these door shells are almost \$2k a piece. Estimate came to \$6500 only because these parts are big money.

Best,
Avery

The Automotive Division was working to diagnose a performance issue with a 2014 Chevy Tahoe. After multiple attempts to get this vehicle back into service, it was sent to Hurd Auto Mall for further evaluation and diagnoses. This department issued a purchase order in the amount of \$700 as an estimate of repair, however, it was exceeded. We are in receipt of the final invoice for this vehicle.

Please consider this memo a request for an exception to notice under Sec. 56-6 of the Warwick Code for Hurd Auto Mall to increase the current purchase order by \$544.88 for a total of \$1,244.88 to pay the final invoice. This is a one-time purchase and therefore no contract period is necessary.

Bids were received from the following companies:

1. Tasca Ford, 1300 Pontiac Avenue, Cranston RI 02920
2. Factory Motor Parts, 45 John Dietsch Blvd., North Attleboro, MA 02760

The Police Department awarded Factory Motor Parts as the lowest qualified bidder. The Police department would like to have spending authorization in the amount of \$5,000.00 to Tasca Ford for all items that Factory Motor Parts didn't bid on.

The department is requesting a \$5,000.00 for a one year contract from 11/18/20 through 11/17/21.

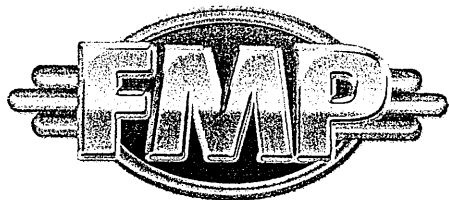

Funding for purchases under this bid would normally be allocated from the department's current operating budget, code 30-330, "Auto and Vehicle Maintenance". At times, however, such purchases may be made from the Insurance Proceeds Account #76-358, when repairs are being done to damaged vehicles for which we have compensation from insurance companies.
