Re: Bid2024-161, "Original Equipment Manufacturer Parts for Various Vehicles"

Dear Ms. Gomez,

The department has reviewed the two (2) bids received for Bid2024-161, "Original Equipment Manufacturer Parts for (OEM) for Various Vehicles."

Bids were received from the following companies:

1. Tasca Ford, 1300 Pontiac Avenue, Cranston RI 02920
2. Factory Motor Parts, 45 John Dietsch Blvd., North Attleboro, MA 02760

The Police Department is recommending that the bid for OEM parts be awarded to Tasca Ford, as they were the lowest, qualified bidder. However, specifically for item #1 (car batteries), the police department would like to split the bid between Tasca Ford and Factory Motor Parts. Factory Motor Parts is much easier to deal with than Tasca Ford, in regards to the warranty of the battery and receiving our credit back when a refund is warranted. We would also request that specific items # 8, 9, and 10 be awarded to Factory Motor Parts because Tasca Ford did not bid on these items.

The current contract expires on 11/17/23.

The department is requesting \$95,000.00 for a one-year contract running from 11/18/23 through 11/17/24.

Funding for purchases under this bid would normally be allocated from the department's current operating budget, code 30-330, "Auto and Vehicle Maintenance." At times, however, such purchases may be made from the Insurance Proceeds Account #76-358, when repairs are being done to damaged vehicles for which we have received compensation from insurance companies.

Please feel free to contact me should you need any further information.

Sincerely,

A handwritten signature in black ink, appearing to read "A. P. Sullivan".

RE: Bid Recommendation: Various Vendors; Bid2024-162, "Various Auto Replacement Parts"

Dear Ms. Gomez,

This department has reviewed the nine (9) bids received for Bid2024-162, "Various Replacement Auto Parts."

The vendors are:

1. Action Auto Parts Inc., 795 North Main St., Providence, RI 02904
2. Advance Stores Company, Inc. dba Advance Auto Parts, 2634 E. Millbrook Rd., Raleigh, NC 27604
3. Atec Inc of 214 High Street Wakefield, RI 02879
4. East Coast Terminals Inc. 267 Allen St., Springfield, MA 01108
5. Factory Motor Parts of 45 John L Dietsch Blvd North Attleborough, MA 02760
6. Lawson Products, Inc of 8770 W. Bryn Mawr Ave, Suite 900, Chicago, IL 60631
7. O'Reilly Automotive Stores, Inc. dba O'Reilly Auto Parts, 2680 West Shore Rd, Unit D., Warwick, RI 02889
8. Raps Auto Supply (NAPA), 3666 West Shore Rd. Warwick, RI 02886
9. Tasca Parts, d/b/a Slater Auto Parts, 25 Slater Rd. Cranston, RI 02920

The department is recommending that the bid be awarded and split between Action Auto Parts, Atec Inc, Raps (NAPA) Auto Supply, and Tasca Parts d/b/a Slater Auto Parts.

- 1) Slater Auto Parts, Action Auto Parts and Raps (NAPA) were the overall lowest, qualified bids. We have used all three vendors in the past and they have all proven themselves with quick delivery and good pricing. Raps are also Warwick based within a mile of the police department, which enables parts to be picked up quickly. The recommendation to split the bid is because we continue to see delays in product availability. The option of having multiple vendors will ensure we minimize how long a vehicle is out of service, even for routine maintenance.
- 2) Atec, Inc only bid on electrical parts and minor accessories. Items they specialize in are necessary for garage operations and include, but aren't limited to, switches, zip ties, electrical tape, and butt connectors.

While we do not anticipate spending a considerable amount of money with Atec, Inc, they were included because of their ability to provide our department with these specialty products.

We request permission to expend up to \$40,000.00 in total for various auto parts. This contract would be for one year, 11-18-2023 through 11-17-2024. Funding for these purchases, if approved would be allocated from the department's budget, code 30-330, "Auto and Vehicle Maintenance."

The current contract expires on 11-17-2023. Please feel free to contact me should you require any further information.

Sincerely,

A handwritten signature in black ink, appearing to read "Andrew P Sullivan".

Administrative Services Bureau Commander

**MEMORANDUM**

TO: Francis M. Gomez, Purchasing Agent  
FROM: William R. Facente, Manager   
DATE: Friday, August 25, 2023  
RE: Bid #2024-140 Municipal Annex Fitness Room Equipment

Please accept this memorandum as request from the Office of Housing & Community Development ("Office") to have Bid#2024-140 Municipal Annex Fitness Room Equipment be included on the September 18, 2023 City Council Finance Committee's Agenda for award.

The Office is requesting that the Warwick City Council award Bid#2024-140 Municipal Annex Fitness Room Equipment to Frontline Fitness Equipment, of Warwick with a not to exceed bid amount of \$25,200.00.

The City of Warwick employees participate in a worksite Wellness Program sponsored by the City. The Wellness Program provides resources and incentives to active, non-uniform, municipal employees to live a healthier lifestyle with the goal of reducing employee utilization of the health insurance. When the new municipal annex building was in the design phase the inclusion of a fitness room was proposed. The FY 2024 Capital Budget included a line item for the purchase of fitness equipment (page 3 - Building Department Exercise Equipment) utilizing a portion of the City's ARPA funds.

The City received three (3) responses to the RFP for the purchase and installation of a variety of equipment. The three (3) responses were evaluated based on the published evaluation criteria and Frontline Fitness Equipment scored the highest among all evaluators.

In closing, the Office respectfully requests that Bid#2024-140 Municipal Annex Fitness Room Equipment be awarded to Frontline Fitness Equipment of Warwick for a not to exceed price of \$25,200.

Budget Codes to be charged: 510-0400. Contract is term 2-years from award.

RE: 56-6 Oakland Beach Dune Restoration Project

---

Please accept this memorandum as request from the Office of Housing & Community Development ("Office") to have the attached proposal be included on the September 18, 2023, City Council Finance Committee's Agenda for award under Section 56-6(2) of the City's Code of Ordinances. The Office is requesting that the Warwick City Council award a contract in the amount of \$11,555.00 for the purchase and coordination of installation of dune related plantings for the Oakland Beach Splash Pad, Playground, & Stormwater Project to Save the Bay.

The Office is requesting the above referenced exception to bid (Sec. 56-6) in order to secure the services of Save the Bay to coordinate the installation of dune related plants. Save the Bay's fee includes both the purchase of the plant material (\$6,219.00) and the coordination of the numerous volunteers that will be installing the plants. The Office included a line item for the plantings in the recently opened RFP to construct the Oakland Beach Splash Pad, Playground & Stormwater improvements. The Office received line item pricing for the dune plantings that ranged from \$10,100 to \$83,700 as part of a larger project. The contractor that the Office recommended to construct the larger improvements provided pricing of \$83,700 for the work that Save the Bay is performing. There was a contractor that bid \$10,100 on the dune planting line item, but the contractor was \$288,700 higher than the selected contractor.

In closing, the Office of Housing & Community Development respectfully requests approval of the Section 56-6 Exception to Bid so as to enter into a contract with Save the Bay, to coordinate the purchase and installation of the dune related plants, in the amount of \$11,555.00  
Budget Codes to be charged: 500-41-210-023. Contract is term 2-years from award.

## NARRATIVE FOR OFFICER JONATHAN P BYRNE

Ref: 22-202-AC

On 01/29/2022 at approximately 0937 hours, I, Officer Byrne responded to the area of Post Rd and South Atlantic Rd for the report of a truck that had struck a tree, light post and traffic sign. The RP indicated that the truck left the scene.

Upon my arrival I met with Brittany Hayes DOB 12/05/86 who resides at 126 Post rd. Hayes stated that she heard a loud bang outside the residence. Hayes stated that she approached the front door to see what had happened and observed a small green pickup truck with a plow backing up and driving away from the area. Hayes stated that she observed the light pole as well as the no parking sign to be knocked over in front of the residence. Hayes stated that she thinks the truck might have had a sander/salter on the back as well but she was unsure. Hayes was unable to see the registration plate due to the significant amount of snow and wind at the time.

Sgt Choquette arrived on scene to document the damage with camera S-3. I notified a City plow driver who stopped on scene about the incident and he called DPW to report the incident to his department. I checked the surrounding area for the vehicle however was unsuccessful.

This report will be forwarded to traffic for potential follow-up as there is minimal to no suspect information at this time

All contract administrative fees collected from MPA vendors shall be deposited into a restricted receipt account which shall be used for the purposes of implementing and maintaining an online eProcurement system and other costs related to State procurement. RE: Bid #2023-137 Apponaug Baseball Complex Site Improvements & Playground

Please accept this memorandum as request from the Office of Housing & Community Development ("Office") to have Bid#2023-137 Apponaug Baseball Complex Site Improvements & Playground be included on the October 3, 2022 City Council Finance Committee's Agenda for award. The Office is requesting that the Warwick City Council award Bid# 2023-137 Apponaug Baseball Complex Site Improvements & Playground to Yardworks, Inc., of Warwick with a bid amount of \$789,950.

The Office solicited bids on August 16, 2022 with a mandatory pre-bid meeting held on August 30, 2022 and a bid opening on September 13, 2022. Four (4) individuals, representing three (3) bidding firms attended the 30 August pre-bid. All of the firms that attended the pre-bid submitted a bids. Bids ranged in price from a low of \$630,400 to a high of \$789,950. After the bids were opened the Office received an email from Lucena Brothers, Inc. (the lowest cost bidder) rescinding their bid due to "a mathematical error", as a result the City was left with two (2) bids, Cardi Corporation of Warwick, in the amount of \$774,000 and Yardworks, Inc. of Warwick, in the amount of \$789,950.

The Office reviewed the bid submissions, while Cardi Corporation became the lowest bidder after the withdrawal of Lucena Brothers, and the Office is requesting that the City Council award the contract for Bid # 2023-137 Apponaug Baseball Complex Site Improvements & Playground to Yardworks, Inc. based on the firms project references, including Fr. Tiocchi Park in East Natick, and their utilization of MBE/WBE sub-contractors/suppliers (29% of total contract) as compared to Cardi Corporation's utilization (1.5%).

The Office was successful in receiving a 2022 DEM Recreation Grant in the amount of \$320,000 to offset the cost of construction and will be utilizing current & prior year CDBG funds in the amount of \$469,950 to cover the remaining cost.

Budget Codes to be charged: 500-41-210-019 (\$8,652.74), 500-41-210-021 (\$293,597.26), 500-41-210-022 (\$167,700), & 60-442 (\$320,000). Contract is term 1-year from award.

---

Please accept this memorandum as request from the Office of Housing & Community Development for a Section 6-12 of Bid# 2023-164 Shoreline Adaptation & Design Project (Strand Avenue & Seaview Drive) bid awarded to Cardi Corporation of Warwick. Please include this request on the September 18, 2023 City Council Finance Committee's Agenda for award.

The requested extension will extend the contract expiration, currently expiring on October 25, 2023 until October 25, 2024. The reason for the requested extension is that the City is unaware of the status of Cardi Corporation's continuance as a company. Cardi has left the project. The Office has heard that the Bond Issuer is going to be bidding out the work and a sub-contractor to Cardi will finish the work. The Office has reached out to the bond issuer for confirmation. The Office was anticipating that Cardi would have finished the work within the time allotted under the contract.

The Office respectfully requests the City Council Finance Committee extend the award of Bid#2022-389 until October 25, 2024. This request is an extension only and there will be no increase in contract costs. Budget Codes to be charged: 59-799, 210-020, & 210-021.

MEMORANDUM

TO: Patricia A. Peshka, Purchasing Agent

FROM: William R. Facente, Acting Program Coordinator / Housing Officer *WR*

DATE: Friday, September 23, 2022

RE: 56-6 Construction phase Services for Strand Avenue & Sea View Drive Coastal Resiliency Project

Please accept this memorandum as request from the Office of Housing & Community Development ("Office") to have the attached contract be included on the October 17, 2022 City Council Finance Committee's Agenda for award under Section 56-6(2) of the City's Code of Ordinances. The Office is requesting that the Warwick City Council award a contract in the amount of \$6,000.00 for Construction Phase Services for Strand Avenue & Sea View Drive Coastal Resiliency Project to GZA Geo Environmental, Inc. ("GZA") of Providence, RI.

The Office is requesting the above referenced exception to bid (Sec. 56-6) in order to secure the construction oversight service of GZA for the Coastal Resiliency Project that is occurring in the area of Stran Avenue & Sea View Drive. By way of background, GZA was retained by the State of Rhode Island to prepare design drawings, permit documents, and construction drawings and specifications for the selected design concept. While GZA performed the design portion of the work on behalf of the City of Warwick, they were under contract by the State through a Coastal Resiliency Grant and not the City. The Office is now requesting an exception to bid to enter into a contract for the construction administration phase of the project.

As contained in the attached proposal GZA will provide construction phase services and on-site construction observation during the construction phase of the project. GZA will attend and participate in one (1) pre-construction meeting arranged by the City. GZA will work with the City to receive, review, and respond to preconstruction submittals from the selected contractor. Submittals will include:

- Project schedule
- List of key personnel
- Site specific health & safety plan
- Summary of equipment and construction materials
- Material source identification and associate Quality Control data
- Material conformance to the project specifications (shop drawings, cut sheets, etc.)
- Other work plans

**OFFICE OF HOUSING & COMMUNITY DEVELOPMENT**  
**3275 POST ROAD • WARWICK, RI 02886 • 401-738-2009**

**COPY** SEP 23 2022

GZA will assist the City in reviewing, commenting on, and approving contractor payment applications and in addressing requests for information and change orders. GZA will respond to questions from the City throughout the construction process. GZA will perform up to five (5) site visits to observe construction and provide comments on conformance with contract documents.

---

~~GZA's assistance during the construction phase is important to ensure compliance with permits~~  
the City has and the overall intent of the project and ensure the coastal resiliency best management practices are implemented as designed.

In closing, the Office of Housing & Community Development respectfully requests approval of the Section 56-6 Exception to Bid so as to enter into a contract with GZA Geo Environmental, Inc. of Providence, RI for construction phase services in the amount of \$6,000.00  
Budget Codes to be charged: 500-41-210-022. Contract is term 1-year from award.

Re: Request for Construction Phase Services  
Strand Avenue and Sea View Drive Coastal Resiliency

Dear Mr. Facente:

GZA GeoEnvironmental, Inc. (GZA) is pleased to provide this proposal to the City of Warwick (Client) for construction phase engineering services in accordance with the project team's request. This proposal has been prepared based on a site meeting with representatives from the City of Warwick on September 20, 2022.

#### PROJECT UNDERSTANDING

Over the past several decades the coastal area located between Sea View Drive and Strand Avenue has experienced significant erosion. Houses that once lined the coastline along Sea View Drive no longer stand. A parking area along the remaining portion of Sea View Drive and at the end of Strand Avenue provides visitors a place to park and access the waterfront. However, a buffer of coastal vegetation has eroded in recent years exposing the edge of the parking area and the road. A guardrail intended to keep vehicles within the parking area is now regularly submerged during normal high tide events. During moon tide events, the southern portion of the parking area and Strand Avenue become inundated and unpassable. During large storm events, equivalent to a 6-foot tide, the entire western end of Strand Avenue floods, cutting off access to the waterfront and endangering nearby properties that could be exposed to flooding.

The City of Warwick collaborated with the Oakland Beach Neighborhood Association, Save The Bay, and community members to reach consensus on a conceptual plan that aims to restore some of the coastal embankments, reduce erosion, prevent flooding, and maintain adequate pedestrian and vehicular access to the waterfront. A final concept was then selected that incorporates stakeholder input to achieve a consensus among participants.

GZA was retained by the State of Rhode Island to prepare design drawings, permit documents, and construction drawings and specifications for the selected design concept. The final design restricts vehicular access to the southern end of Sea View Drive parking area, creates a pedestrian walking path, and restores the coastal bank with native plantings. In addition, surface erosion at the intersection of Suburban Parkway and Sea View Drive is addressed by diverting stormwater into a shallow infiltration basin. Asphalt at the western end of Strand Avenue will be removed allowing for 60 feet of additional coastal buffer with parking spaces relocated further inland.

11. **Limits on GZA's Responsibility.** GZA will not be responsible for the acts or omissions of contractors or others at the Site, except for its own subcontractors and employees. GZA will not supervise, direct or assume control over or the authority to stop any contractor's work, nor shall GZA's professional activities nor the presence of GZA or its employees and subcontractors be construed to imply that GZA has authority over or responsibility for the means, methods, techniques, sequences or procedures of construction, for work site health or safety precautions or programs, or for any failure of contractors to comply with contracts, plans, specifications or laws. Any opinions by GZA of probable costs of labor, materials, equipment or services to be furnished by others are strictly estimates and are not a guarantee that actual costs will be consistent with the estimates.
12. **Changed Conditions.**
- a. You recognize the uncertainties related to environmental and geotechnical services, which often require a phased or exploratory approach, with the need for additional services becoming apparent during the initial services. You also recognize that actual conditions encountered

may vary significantly from those anticipated, that laws and regulations are subject to change, and that the requirements of regulatory authorities are often unpredictable.

- b. If changed or unanticipated conditions or delays make additional services necessary or result in additional costs or time for performance, GZA will notify you and the parties will negotiate appropriate changes to the scope of services, compensation and schedule.
- c. If no agreement can be reached; GZA will be entitled to terminate its services and to be equitably compensated for the services already performed. GZA will not be responsible for delays or failures to perform due to weather, labor disputes, intervention by or inability to get approvals from public authorities, acts or omissions on your part, or any other causes beyond GZA's reasonable control, and you will compensate GZA for any resulting increase in its costs.

**13. Documents and Information.** All documents, data, calculations and work papers prepared or furnished by GZA are instruments of service and will remain GZA's property. Designs, reports, data and other work product delivered to you are for your use only, for the limited purposes disclosed to GZA. Any delayed use, use at another site, use on another project, or use by a third party will be at the user's sole risk, and without any liability to GZA. Any technology, methodology or technical information learned or developed by GZA will remain its property. Provided GZA is not in default under this Agreement, GZA's designs will not be used to complete this project by others, except by written agreement relating to use, liability and compensation.

**14. Electronic Media.** In accepting and utilizing any drawings, reports and data on any form of electronic media generated by GZA, you covenant and agree that all such electronic files are instruments of service of GZA, who shall be deemed the author and shall retain all common law, statutory law and other rights, including copyrights. In the event of a conflict between the signed documents prepared by GZA and electronic files, the signed documents shall govern. You agree not to reuse these electronic files, in whole or in part, for any purpose or project other than the project that is the subject of this Agreement. Any transfer of these electronic files to others or reuse or modifications to such files by you without the prior written consent of GZA will be at the user's sole risk and without any liability to GZA.

**15. Confidentiality; Subpoenas.** Information about this Agreement and GZA's services and information you provide to GZA regarding your business and the Site, other than information available to the public and information acquired from third parties, will be maintained in confidence and will not be disclosed to others without your consent, except as GZA reasonably believes is necessary: (a) to perform its services; (b) to comply with professional standards to protect public health, safety and the environment; and (c) to comply with laws and court orders. GZA will make reasonable efforts to give you prior notice of any disclosure under (b) or (c) above. Information available to the public and information acquired from third parties will not be considered confidential. You will reimburse GZA for responding to any subpoena or governmental inquiry or audit related to the services, at the rates set forth in the applicable Proposal, amendment or change order.

**16. Insurance.** During performance of the services, GZA will maintain workers compensation, commercial general liability, automobile liability, and professional liability/contractor's pollution liability insurance. GZA will furnish you certificates of such insurance on request.

**17. Indemnification.** You agree to hold harmless, indemnify, and defend GZA and its affiliates and subcontractors and their employees, officers, directors and agents (collectively referred to in this paragraph as "GZA") against all claims, suits, fines and penalties, including mandated cleanup costs and attorneys' fees and other costs of settlement and defense, which claims, suits, fines, penalties or costs arise out of or are related to this Agreement or the services, except to the extent they are caused by GZA's negligence or willful misconduct.

**18. Limitation of Remedies.**

- a. To the fullest extent permitted by law and notwithstanding anything else in this Agreement to the contrary, the aggregate liability of GZA and its affiliates and subcontractors and their employees, officers, directors and agents (collectively referred to in this paragraph as "GZA") for all claims arising out of this Agreement or the services is limited to \$50,000 or, if greater, 10% of the compensation received by GZA under this Agreement.
- b. You may elect to increase the limit of liability by paying an additional fee, such fee to be negotiated prior to the execution of this Agreement.
- c. Any claim will be deemed waived unless received by GZA within one year of substantial completion of the services.
- d. GZA will not be liable for lost profits, loss of use of property, delays, or other special, indirect, incidental, consequential, punitive, exemplary, or multiple damages.
- e. GZA will not be liable to you or the Site owner for injuries or deaths suffered by GZA's or its subcontractors' employees.
- f. You will look solely to GZA for your remedy for any claim arising out of or relating to this Agreement, including any claim arising out of or relating to alleged negligence or errors or omissions of any GZA principal, officer, employee or agent.

19. Disputes.

- a. All disputes between you and GZA shall be subject to non-binding mediation.
- b. Either party may demand mediation by serving a written notice stating the essential nature of the dispute, the amount of time or money claimed, and requiring that the matter be mediated within forty-five (45) days of service of notice.

- h. These Terms and Conditions shall govern over any inconsistent terms in GZA's Proposal.
- i. The provisions of this Agreement are severable; if any provision is unenforceable it shall be appropriately limited and given effect to the extent it is enforceable.
- j. The covenants and agreements contained in this Agreement shall apply to, inure to the benefit of and be binding upon the parties hereto and upon their respective successors and assigns.
