Re: Bid2022-032 Purchase Rear Loader Sanitation Vehicle(s)

We have reviewed the bids submitted with different bodies available and recommend award to Ballard Mack Sale and Service of RI with the body provided by Sanitary Equipment. The total cost of this vehicle request is \$245,000 and will be funded through the lease purchase account. This department is requesting to purchase this particular vehicle because the majority of our sanitation fleet has Sanitary Equipment bodies. If the other bid option was awarded, this department would have to stock a completely different line of parts for one vehicle. The contract period will be one year from date of award.
