**SKILLS AND STRENGTHS:** Coastal and marine policy, resource management, and enforcement with particular expertise in the New England region. Versed in coastal and fisheries science/regulations, ocean and coastal policy, and regulatory processes at the federal, state, and local level. Leadership experience managing and training operational military units and small teams. Intuitive, trusted leader who consistently displays a professional, common-sense commitment to completing the most challenging assignments. Accomplished maritime professional. Excellent communication, public speaking, writing, and research skills.

## **PROFESSIONAL EXPERIENCE:**

### **2017 - present: Narragansett Baykeeper, Save The Bay, Providence, RI**

- Provides on-the-water presence and expertise to achieve organization's objectives.
- Works closely with state and federal partners to address pollution problems and improve water quality.
- Responds to environmental threats, conducts monitoring/research, represents organization before stakeholder groups

### **2015 - present: Lieutenant Commander, Coast Guard Reserve**

#### **As Active Duty Commissioned Officer, United States Coast Guard:**

### **2011 - 2015: Assistant Fisheries Officer/Cutter Manager, Fifth Coast Guard District, Portsmouth, VA**

- Planned and executed an aggressive offshore fisheries enforcement program. Directed operations of Coast Guard ships and aircraft in the Mid-Atlantic region based on national fishery priorities and trends.
- Represented the Coast Guard at the Mid-Atlantic Fisheries Management Council and Atlantic States Marine Fisheries Commission. Developed and maintained relationships with staff and regional partners.
- Managed schedules and long-term plans for 10 ships to include audits, inspections, interagency training, high-profile operations, seasonal surge workloads, and maintenance and repair availabilities.

### **2010 - 2011: Coast Guard Marine Affairs Advanced Education Program, University of Rhode Island**

- Selected for highly competitive advanced education program in Coast Guard fisheries specialty.
- Interdisciplinary program included maritime law, federal maritime organizations and policymaking, marine science, economics, marine protected areas, and ecosystems.
- Specific focus on fisheries policy, coastal processes and governance, and marine resource management.
- Completed major paper titled "Ecosystem-Based Fisheries Management: Prospects for New England's Groundfish Stocks."

### **2008 - 2010: Executive Officer, Coast Guard Cutter SANIBEL, Woods Hole, MA**

- Oversaw day-to-day operations of ship and 16-person crew. Responsible for operational and patrol planning, training, shipboard maintenance program, strategic planning, standard operating procedure development, and management of \$100,000+ annual budget.
- Led 200+ at-sea boardings of fishing vessels to verify compliance with federal fishery and safety regulations.
- Interacted with fishing industry to identify concerns and provide safety training and education.
- Spearheaded the use of GIS systems at sea to assist with fisheries and search and rescue execution.

### **2008 - 2010: Deck Watch Officer, Coast Guard Cutter VENTUROUS, Saint Petersburg, FL**

## **EDUCATION AND TRAINING:**

- **University of Rhode Island, Kingston, RI: Master of Marine Affairs (2011)**
- **United States Coast Guard Academy, New London, CT: Bachelor of Science, Government (2006)**
- **100 Ton Commercial Master's License (2008)**

**Additional Training:** Marine Resource Education Program, Gulf of Maine Research Institute • Council Member Training Program, National Marine Fisheries Service • Fisheries Boarding Officer Course, Northeast Regional Fishery Training Center • Leadership & Management School, Coast Guard Leadership Development Center • Boarding Officer School, Federal Law Enforcement Training Center
