BRIDGESTONE

BRIDGESTONE TURANZA QUIETTRACK TIRE

SIZE: 205/50R17 XL

For an exceptionally smooth and quiet ride that doesn't compromise on all-season touring performance, nothing beats the Turanza QuietTrack. They're not just good quiet tires — they're the best quiet tires Bridgestone has to offer. Bridgestone Turanza QuietTrack tires come with all the latest in tire technology. The Comfort Cruise™ technology uses a rounded contact patch to reduce vibrations on the road. And the specially-designed interior minimizes in-cabin noise. But it's the distinctive QuietTrack™ technology that makes these the best tires for road noise. In-groove ridges on the tread and non-chamfered slots on the shoulder ribs break up unpleasant noise frequencies while driving, so your in-cabin experience is quiet as can be.¹ Most quiet car tires do well at reducing road noise but don't offer much in terms of year-round performance. Not Turanza QuietTracks. Hydro-Track™ technology provides superb traction in wet and wintry conditions thanks to the tire's full-depth grooves and open shoulder slots that quickly evacuate water. For quiet all-season tires that outlast the competition, look no further than Bridgestone Turanza QuietTracks. Along with the 80,000-mile limited warranty², sets of QuietTrack tires come with free tire rotations and alignment checks and are supported by our 90-Day Buy & Try Guarantee.³ Schedule an appointment at your local Firestone and get a new set of QuietTrack tires installed today. ¹ QuietTrack™ Technology package features in-groove ridges that helps prevent high frequency noise, non-chamfered slots on shoulder ribs to help prevent pattern noise, and optimized three pitch noise sequence to help break up noise frequency. ²Certain conditions and limitations apply. See BridgestoneTire.com for more details ³Conditions apply. See BridgestoneTire.com/warranty for details

Large pothole with depth obscured by water, drove through without realizing there was a hole in the road. It was very deep, protruding well into half of the lane. The pothole popped my tire. It also definitely caused minor suspension damage.

Dear Margie,

I hope you had a nice long weekend! I attached the copy of the registration you needed to finish processing the claim for the 2010 BMW. I apologize, the registration was in fact in my name still so I am able to send it along. If you need anything further to process the claim please don't hesitate to contact me at 401.569.0688. Thank you so much for your assistance.

Sincerely,

Heather Kendra
