The bid for *Testing & Repair of Self Contained Breathing Apparatus, Bid#2020-171* has been carefully reviewed by the Fire Department.

One (1) vendor submitted a bid, and after evaluating pricing the following vendor has fully satisfied the specifications outlined in our request. Therefore, I recommend the bid be awarded to the following vendor:

Shipman's Fire Equipment, Waterford CT

After contacting several vendors that did not submit a bid, we were made aware that currently, only one vendor is authorized to by 3M/Scott Health and Safety to service Scott equipment inside of Rhode Island. Therefore, Shipman's Fire Equipment is the sole source vendor for this service in Rhode Island.

Annual testing of the Fire Department's Self-Contained Breathing Apparatus (SCBA) and Cylinders is required to comply with NFPA 1952.

Funding for this product will be from budget code 35-340 Service Contracts. Because we are recommending a 2-year award, \$7,500 is being allocated from FY20, \$15,000 from FY21 and 7,500 from FY22.

The current bid expires on 12/15/2019 and, if approved, the new bid will have an effective date of 12/16/2019 through 12/16/2021, for an amount not to exceed \$30,000.

Please contact me should you have any questions.
