RICHARD CRENCA
DIRECTOR

To: Patricia Peshka, Purchasing Agent

From: Richard Crenca, Director of Public Works

Date: March 16, 2018

Subj: CUES – H85

This truck is used daily for the purposes of tree work was put out of service for issues with the function of the boom on truck. This is the only vehicle the City owns that is capable of doing specific tree work. It was sent to the above vendor for repairs that cannot be facilitated in house due to the nature of the vehicle, as one must be certified to work on the aerial boom and testing required post repair. The boom was not operating functioning with the proper rated load. This is a critical piece of equipment in the fleet and used on a daily basis and, as of late with the weather events this City has endured, emergency tree work has been vital and it was imperative that the truck be repaired immediately. This is the only area vendor that can make repairs as quickly as possible and return this truck back to service.

Please consider this memo a request for an exception to notice under Sec. 56-6 of the Warwick Code for CUES in the amount of \$6,811.83 for repairs.
