Notes:

1. The bid document does not include part #69200173, which is required to install part #26800128.
2. The per unit pricing does not make sense to total, as each unit does not take into account all of the parts and labor depending on the year manufactured. Thus, the total price for all 7 installations (\$4,413.62) divided by 7 (\$630.52) would be a more appropriate unit comparison.
