Grantee: Warwick, RI

Grant: B-10-MF-44-0002

January 1, 2017 thru March 31, 2017 Performance Report
Disasters:

FEMA-1894-RI

Narratives

Disaster Damage:
The Effects of the March 2010 Flood (FEMA declaration DR-1894) was perhaps the worst flooding event in both the City of Warwick & the State of Rhode Island has seen in 100-years and has been compared to the blizzard of 1978 as one of the worst recent natural disasters.

The effects of both the March 12th & 30th flooding events on the City of Warwick, Rhode Island are still being quantified. While it has been nearly 10-months since the last event – individual property owners, businesses owners and local government officials are still quantifying the impact on private property and public infrastructure.

While the flooding events of March 2010 caused damage and destruction throughout the City of Warwick – the areas of greatest impact were those areas of the City that border the Pawtuxet River, which crested at 20.79’ (11’ above flood level). The hardest hit areas include: East Natick, Natick, Pontiac, Norwood/Lakewood, Pawtuxet, and the Jefferson Boulevard Commercial Corridor. The East Natick & Pontiac sections of the City represent designated CDBG eligible areas with 55.6% & 61.1% of the population respectively, falling into the low moderate income category.

Those businesses, residential structures and public infrastructure located in close proximity to the Pawtuxet River were the greatest hit – being impacted by both riverine based flooding waters containing both raw/untreated sewerage and chemicals from industrial facilities and ground water flooding due to the amount and timing of the storms. Needs for those impacted are difficult to measure – while some received a partial benefit from FEMA or the SBA or through private insurance, it is not sufficient to make those effect whole. Most others received such limited amounts of assistance that the effects of the storm are still visible in their homes and businesses – with no insurance and no ability to borrow additional funds, even from the SBA, due to poor credit or cash flow, these individuals are whom the City of Warwick is going to reach with this funding.

Recovery Needs:

Promotion of Sound Short & Long-Term Recovery Planning

The Office of Housing & Community Development within the City of Warwick, is the Office responsible for the implementation and monitoring of the CDBG-DR funds. The Office, a division of the Department of Planning, has the ability to access zoning and land use plans and ordinances in conjunction with the planned recovery of those areas affect by the flooding events. In addition, the Office works closely with the City’s Building & Inspections Office to ensure proper permits and procedures are followed for properties affect requiring rehabilitation.

The Office will focus its short-term recovery efforts on providing direct financial & technical assistance to address the unmet needs of individuals & businesses affected by the flood with regards to repairs & rehabilitation of housing units, removal of debris from privately owned property, and assistance to privately owned property, and assistance to cover lost revenue and equipment repairs & replacement (businesses only). In addition, CDBG-DR funds will also be utilized to cover the cost of repair/replacement of public facilities and infrastructure damaged as a result of the floods.

Long-Term recovery planning efforts utilizing the CDBG-DR funds will focus on mitigation and prevention of damage due to future flooding events. Funds will be used to support a comprehensive mitigation assessment of critical public facilities (water/waste water treatment) that were damaged or destroyed during the flood. CDBG-DR funds will also be utilized to provide financial incentives to property owners that would allow for voluntary buy-outs of flood prone properties.

By its working relationships with other municipal and State agencies, the Office will provide assistance to those responsible for land use planning and flood zone development have the resources needed to make sound decisions on the future development in the affected areas.

The city has submitted a revised Action Plan for its Disaster Recovery Program. This is being done in order to put additional funding into the city’s public facilities/infra structure improvements program. Public facilities/infra structure activities currently has the greatest need added funding. The necessary funding for this will come from unallocated funds from the following activities; Acquisition, Single Family Housing, Multi-Unit Housing, and Economic Development program.

### Activity Description:

Funds will be used to undertake Planning Activities related to the March 2010 fund.

### Location Description:

City-wide

### Activity Progress Narrative:
The city has made final payment to the consultant for the completion of the city’s it GIS system which has been available to the public since July 2016. This GIS system will allow various city departments to map various critical infrastructure/properties within the city that may be impacted by future flooding. The system will also allow property owners to determine whether their property is located in a flood hazard zone.
