Approved..... Mayor

AN ORDINANCE AMENDING THE ZONING ORDINANCE OF THE CITY OF
WARWICK, COWESETT HILLS APARTMENT, LLC, PETITIONER

Be it ordained by the City of Warwick:

Section I. The Zoning Map and the Record Book of Lot Classifications which are a part of the Zoning Ordinance of the City of Warwick are hereby amended by changing the classification of the following described premises from Residential (A-10)/PDR to (A-10)/PDR with a waiver for less than required parking and restrictions, conditions and stipulations.

Lot 48 on Assessor's Plat 236 as said plat appeared in the Tax Assessor's office on December 31, 2016 is hereby changed from Residential (A-10)/PDR to (A-10)/PDR with a waiver for less than required parking and with the following restrictions, conditions and stipulations. The Lot is set forth in the legal description and on the map attached hereto as Exhibit A.

The change of zoning is subject to the following conditions, waivers and stipulations:

1. Relief from the parking requirements of Sec 308.2 (E) of the Zoning Ordinance to permit 2.0 parking spaces per unit for the new 48 residential units.
2. Subject to approval by the Planning Board of an acceptable landscape and screening plan to shield the proximate residential properties located along the northwest and western property lines. Said screening and landscaping plan shall be stamped and signed by a Registered Landscape Architect, as part of the Preliminary Application to the Planning Board.

- 1 3. Subject to Planning Board approval of satisfactory mitigation measures designed to address
2 the concerns of the neighborhood as articulated at the Planning Board mandated community
3 meeting held on November 1, 2017.
4
- 5 4. That the Applicant shall receive Preliminary and Final Approval from the City of Warwick
6 Planning Board.
7
- 8 5. That any further intensification of use on the subject property shall require City Council
9 Approval.
10
- 11 6. That the Applicant shall install a six foot high stockade fence along an 864 foot boundary of
12 the property after clearing the landscape as is necessary to install the fence. The Applicant
13 shall also develop a maintenance plan for the fence and the fence area.
14
- 15 7. That the Applicant shall change the existing speed bumps to speed tablets (so-called table top
16 speed control features).
17
- 18 8. That the Applicant shall relocate the vehicle maintenance center that includes the vacuuming
19 system.
20
21

22 Section II. The Clerk of the Zoning Board of Review is hereby authorized and directed to cause said
23 changes to be made on the Zoning Map and the Record Book of Lot Classifications.
24

25 Section III. This Ordinance shall take effect upon passage and publication as prescribed by law.

Tel. (401) 738-2009

MEMORANDUM

TO: Honorable Joseph J. Solomon, Council President
Warwick City Council Members
Lyn Pagliarini, City Clerk

FROM: William J. DePasquale, Jr. AICP
Planning Director 

DATE: November 17, 2017

SUBJECT: Intensification of Existing Use Recommendation
Assessor's Plat 236; Assessor's Lot: 48
3595 Post Road

APPLICANT: Nic Reuter
Picerne Real Estate Group

Project Scope

The Applicant is requesting an intensification of an existing use within an existing A-10 Planned District Residential (PDR) Overlay Zone. The existing parcel consists of (1) one 67.38 acre lot with 457 existing residential units (Cowesett Hills Apartments) and the Applicant is proposing an additional 48 residential units, for a total of 505 residential units, with less than required parking, in an A-10 Planned District Residential (PDR) Zoning District.

The development currently consists of 25 residential buildings containing 457 residential units; the Applicant is requesting an intensification of the existing approved use to add (2) two new buildings with 24 residential units, each building will consist of 12 one-bedroom and 12 two-bedroom units for a total of 48 new residential units.

Pursuant to the Warwick Zoning Ordinance (WZO) *Table I Section 103* the proposal is eligible for the PDR overlay intensification. Accordingly, the Applicant is also seeking a recommendation to the City Council for an intensification of the existing A-10 Planned District Residential (PDR) with the following waivers from the City Council:

- *WZO Section 308.2 (e) design standards*, Less than required parking.

At the October 11, 2017 regularly scheduled Planning Board meeting the Board found this proposed Zoning Amendment to be generally consistent with Article 1, "*Purposes and General Statements*" of the City's Development Review Regulations, and further found:

Planning Department Findings

The Planning Department finds this proposal to be generally consistent with Article 1 "Purposes and General Statements of the City's Development Review Regulations, and:

1. That the proposed development is generally consistent with the Comprehensive Community Plan criterion that it be consistent with the surrounding area. The proximate land use found in the immediate vicinity is multifamily. Within a 200' radius of the subject property there are two multi-unit complexes, *RLL Properties, LLC* and *Hill Crest*. Beyond the consistency with area land use we also find the proposed development to be consistent with:

- Chapter 12 of the City of Warwick Comprehensive Plan, specifically, the section entitled "*Future Land Use, Zoning and Urban Design: Goals and Policies*," which promotes developments "*that are safe, attractive, well-maintained and stable... ones designed to "protect... and support...existing residential neighborhoods;"*"
- It further promotes... "*Public and private development that meet high standards of design by ensuring that proposed new residential development is compatible with the character and of the surrounding area;"*"
- Chapter 7 of the City of Warwick Comprehensive Plan addresses Housing and Neighborhoods, specifically within its "Recommendations" section lists as Goal 1, the City should work to provide; "*a wide range of quality housing choices to meet the diverse needs of households at all income levels and all stages of the life cycle, by supporting the addition of compact housing types such as townhouses, lofts, apartments, cottage developments...in suitable locations;"*"

The Planning Department also finds this proposal to be generally consistent with the following purposes of the City's Zoning Ordinance, as presented in Section 100, "Title and Purpose."

- 103.1 Promote the public health, safety and general welfare of the City.
- 103.2 Provides for a range of uses and intensities of use appropriate to the character of the City and reflect current and future needs.
- 103.3 Provides for orderly growth and development, which recognizes:
 - A.) The goals and patterns of land use contained in the Comprehensive Plan of the city of Warwick.
 - B.) The natural characteristics of the land, including its suitability for use based on soil characteristics, topography, and susceptibility to surface or ground water pollution.

- 103.8 Promote a balance of housing choices, for all income levels and groups, to assure the health, safety and welfare of all citizens and their rights to affordable, accessible, safe and sanitary housing, including opportunities for the establishment of low and moderate income housing. Promote a high level of quality in design in the development of private and public facilities.
- 103.11 Promote the implementation of the Warwick Comprehensive community plan, as amended.

Planning Department Recommendation

The Planning Department recommends forwarding a favorable recommendation to the City Council for the requested Intensification of the Existing Use with the following stipulations as integral to the zone change:

1. Subject to approval by the Planning Board of an acceptable landscape and screening plan to shield the proximate residential properties located along the northwest and western property lines. Said screening and landscaping plan shall be stamped and signed by a Registered Landscape Architect, as part of the Preliminary Application to the Planning Board.
2. Subject to Planning Board approval of satisfactory mitigation measures design to address the concerns of the neighborhood as articulated at the Planning Board mandated (master plan hearing) community meeting held on November 1, 2017.
3. That the Applicant shall receive Preliminary and Final Approval from the City of Warwick Planning Board.
4. That any further intensification shall require City Council Approval.

**PETITION REQUESTING AN AMENDMENT TO THE ZONING
ORDINANCE OF THE CITY OF WARWICK**

To the Honorable City Council of Warwick:

Respectfully represent: Cowesett Hills Apartments, LLC c/o Picerne Real Estate Group

who furnishes the following information in connection with (his-her) request for an
Amendment to the Zoning Law.

Amendment to the Zoning Law:

1. Ownership of Premises: Cowesett Hills Apartment, LLC c/o Picerne Real Estate Group
75 Lambert Lind Highway (Name)
Warwick, RI 02886 (Address)

(Furnish name of title owner of property and address of owner)

2. Description of Premises: Plat No. 236 Lot (s) 48
Street Cowesett Hills Drive
Ward 7

(Furnish Address, Assessor's Plat and Lot Numbers, and Ward number that property is
in)

3. Present Zoning Classification: A-10/PDR
4. Zoning Change Requested A-10/PDR w/a waiver for less than required parking
5. Reasons for Proposed Change: Requesting waiver for less than required parking
Parking use Multi-Family (Sec 308.2(E)) requires 2.5 spaces per units
Expansion of use by 48 units; waiver requested for 2.0 parking spaces per unit

WHEREFORE, it is respectfully requested that the Zoning Law be amended by changing
the Zoning Classification of the above-described premises from _____
to _____

Respectfully submitted,

(Signature of Owner and Petitioner)

Surveyor's Certificate

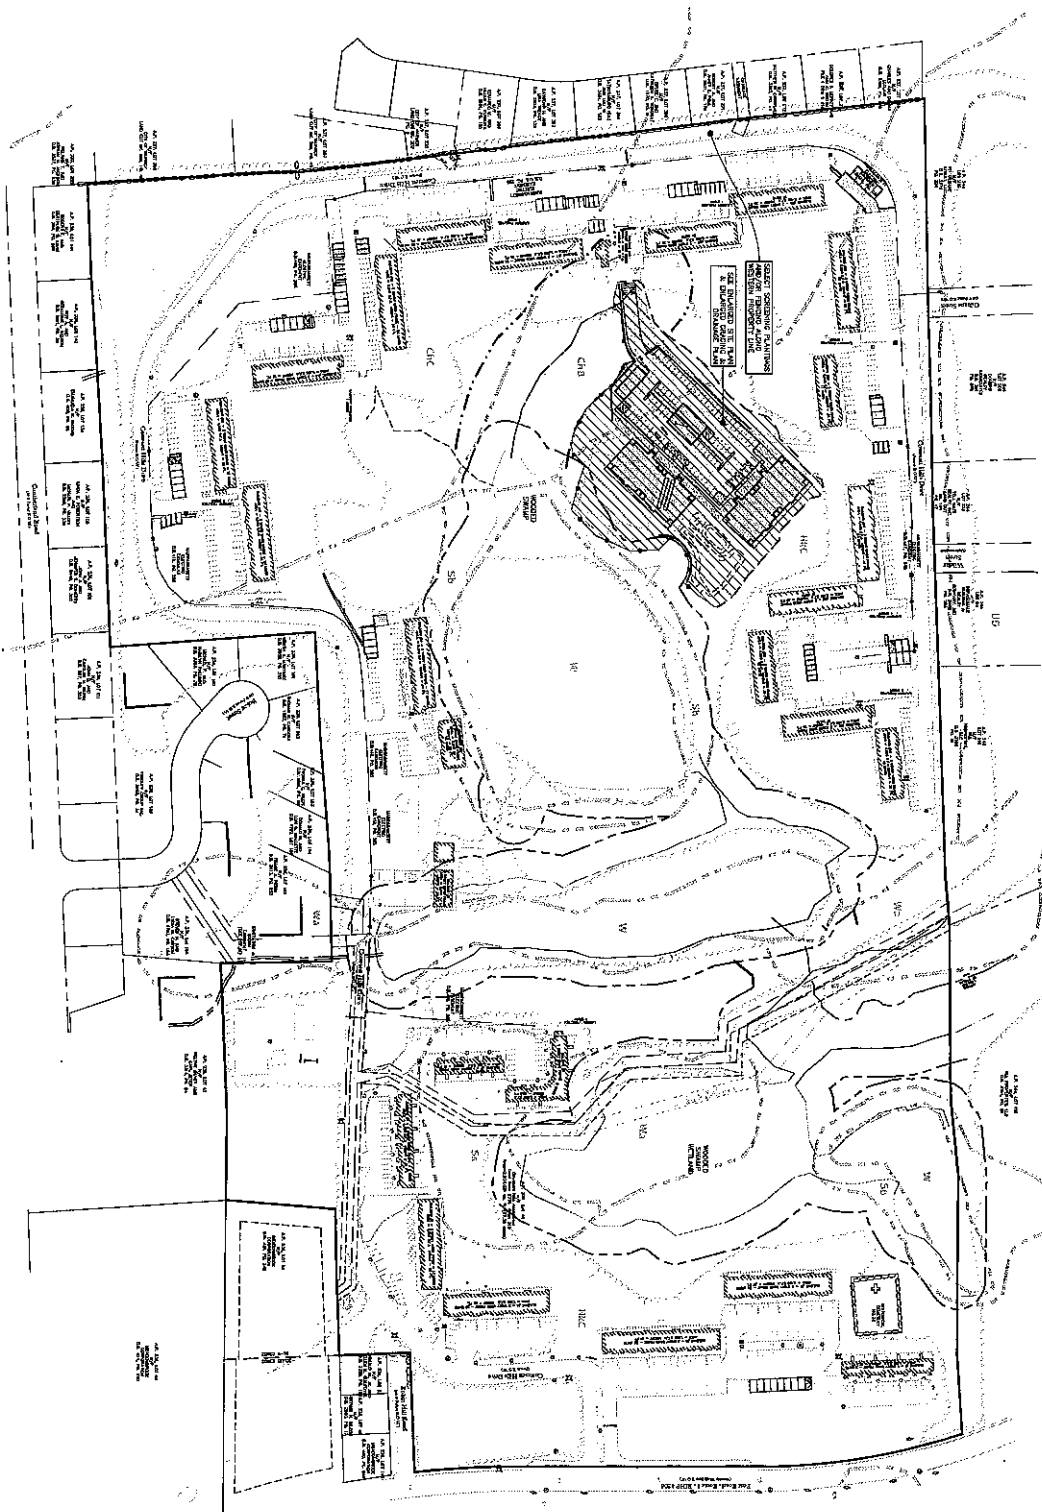

The undersigned, being a registered surveyor of the State of Rhode Island certifies to (i) John Hancock Life Insurance Company (U.S.A.), its parent, affiliates, and their successors and assigns, (ii) STEWART TITLE GUARANTY COMPANY and (iii) COWESETT HILLS APARTMENTS, LLC as follows:

1. This map or plat and the survey on which it is based were made in accordance with (i) the John Hancock Life Insurance Company (U.S.A.) Survey Requirements, dated February 23, 2011, and (ii) the "Minimum Standard Detail Requirements for ALTA/ACSM Land Title Surveys," jointly established and adopted by ALTA and NSPS in 2011 and includes Items 1, 2, 3, 4, 6(a), 6(b), 7(a), 7(b)(1), 7(c), 8, 9, 10(a), 11(a), 13, 14, 16, 18, 19, 20 & 21 [\$2,000,000.00 Liability Insurance Policy] of Table A thereof. The field work was completed on April 30 & May 5, 2014.
2. The survey was made on the ground by an instrument survey on April 30 & May 5, 2014 by me or under my supervision and correctly shows the metes and bounds description and the land area of the subject property, the location and type of all buildings, structures and other improvements (including sidewalks, curbs, parking areas and spaces and fences) situated on the subject property and any other matters situated on the subject property.
3. There are no party walls and no observable, above-ground encroachments (a) by the improvements on the subject property upon adjoining properties, streets, alleys, easements or rights-of-way or (b) by the improvements on any adjoining properties, streets or alleys upon the subject property, except as shown on the Survey.
4. The location of each easement, right-of-way, servitude and other matter (above or below ground) affecting the subject property and (a) listed in the title insurance commitment ("Title Commitment") no. dated April 25, 2014, issued by Stewart Title Guaranty Company with respect to the subject property or (b) apparent from a visual inspection has been shown on the survey, together with appropriate recording references, to the extent that such matters can be located has been plotted on the survey. If the easement has not been plotted, there is a statement as to why not, as well as whether the item affects the property and if so, what portion. The property shown on the survey is the property described in the Title Commitment.
5. The Property has direct access to and from a publicly used and maintained street or highway.
6. The subject property does not serve any adjoining property for visible subsurface drainage structures, visible water courses, utilities, structural support or ingress or egress, except as shown on survey (specifically the streams related to the onsite pond flowing offsite and the sewer easement that crosses the subject parcel).
7. Except as shown on the survey, no portion of the property shown on the survey lies within a Special Flood Hazard Area, as described on the Flood Insurance Rate Map as defined by the Federal Emergency Management Agency. If applicable, the survey correctly delineates the portion of the property located in a Special Flood Hazard Area and indicates the zone designation of any area shown as being within a Special Flood Hazard Area.
8. Except as shown on the survey, there are no observed wetlands located on the property.
9. The parties listed above and their successors and assigns are entitled to rely on the survey and this certificate as being true and accurate.

"ALTA/ACSM Land Title Survey - Cowesett Hills Apartments Assessor's Plat 236 Lot 48, 3595 Post Road, Warwick, Rhode Island." Plan by DiPrete Engineering dated August 29, 2001 last revised June 11, 2014.

RE: Cowesett Hills Apartments Expansion (WDPW No. 17-023)
3595 Post Road
Master Plan - Major Land Development
AP 236 / Lot 48

This office has reviewed the Master Plan submission for the Major Subdivision of the referenced project and has the following comments:

1. All plans submitted must comply with "Rules and Regulations for Professional Land Surveying in the State of Rhode Island Effective Date: November 25, 2015".
2. The design for the Stormwater Collection system must meet the requirements of the Rhode Island Stormwater Design and Installation Standards Manual, December 2010. The Property Owner shall be responsible for the operation and maintenance of the stormwater collection system.
3. An Operation and Maintenance Plan for the proposed stormwater collection system must be included in the Preliminary submission to the Planning Department.
4. All state permits, including but not limited to RI DEM and RI DOT Physical Alteration Permit, must be obtained prior to Preliminary Plan submission.

Please call me @ 738-2003 if you have any questions regarding this memorandum.

Note that these comments are from the Engineering Division of the Department of Public Works. Other City Departments may have comments referring to this submission. Please check with the necessary agencies to ensure that all required elements have been satisfied prior to proceeding further. The DPW reserves the right to revise or revoke our comments or opinions in the event that subsequent examination reveals any data indicated on any plan, form, sketch, etc. to be incorrect or additional information is introduced that necessitates revisions.

Kent County Water Authority

July 14, 2017

Nicole M. W. Riley, P.E., LEED, A.P.
DiPrete Engineering
Two Stafford Court
Cranston, RI 02920

Re: Cowesett Hills Expansion
Post Road, Warwick

Dear Ms. Riley:

We have received your request for comment concerning the above referenced development. As you are aware, in order for us to provide comments concerning additional water supply to meet the needs of the apartment complex expansion the Kent County Water Authority requires a complete application submission as outlined Part III of the Kent County Water Authority Rules & Regulations. Review of our records concerning this complex reveal that a containment backflow preventer as outlined in the Rhode Island General Laws, Rhode Island Department of Health Rules & Regulations, and the Kent County Water Authority Rules & Regulations does not currently exist. Installation of a Reduced Pressure Zone (RPZ) backflow preventer for the master meter will be required as part of the design. The RPZ backflow device must be installed above grade in a hotbox configuration.

The Kent County Water Authority is currently in the process of notifying all of its commercial and industrial customers of the requirement for compliance for the installation of containment backflow devices. It is anticipated that the mailing for Warwick customers will be sometime within the next few weeks, so the installation of the containment RPZ backflow device would be required regardless of whether or not the Cowesett Hill Apartment expansion receives approval.

Please feel free to call should you have any questions regarding this matter.

Very truly yours,
Kent County Water Authority

John Duchesneau
Director of Technical Services
